Senate Committee Delays Move To Force Him To Testify

Byrnes Returns; Will Report On Big Four Parley

Believe Passage Of British Loan Will Help International Relations

LOAN TO FRANCE ALSO APPROVED

WASHINGTON, July 15.—(INS)—Secretary of State James F. Byrnes reports to President Truman early today on the compromise made and the conclusions reached at the "big four" Paris conference.

Tonight, Byrnes will make a nationwide radio broadcast to give a full report to the American people.

The secretary's radio address will be carried from 9 to 9:30 p. m. EST over the Mutual Broadcasting System and the American Broadcasting Company networks.

His return plus weekend developments were expected to do much to break the weakening deadlock in America's international relations.

Pass British Loan
The chief contribution to the international peace of the three billion 750 million loan to Britain. The law will become effective this morning when President Truman signs the measure in the presence of Byrnes, Lord Inverchapel, the British ambassador, congressional leaders and others who were influential in putting the loan across.

A British spokesman said that immediate report to the loan will be made, probably to the extent of 100 million dollars for the purchase of machine tools to revive Britain's war-worn industries. He remarked that the credit will be used to promote two-way trade with the United States.

Others saw in the passage of the measure also an elimination of suspicion on the part of the British people that it would be killed, this (Continued on Page Two)

Legal Experts See Death Penalty For Fifteen Of Nazis

NUERNBERG, July 15.—(INS)—A poll of legal experts at the Nuernberg war crimes trial indicated today that 15 of the 22 accused Nazi overlords will be sentenced to death on the gallows.

The survey revealed also that the war crimes tribunal hopes to finish its work by September 15—the same date set aside during Hitler's heyday for worthy and boastful Nazi party congresses.

Although the prosecution is determined to tie a knot around the necks of all 22 prisoners, the experts feel that for various reasons the following men will draw prison sentences:

Albert Speer, Nazi production

minister; Hans Fritzsche, radio propaganda chief; Grand Adm. Erich Raeder, Diplomat Franz von Papen, Economics Minister Walther Funk and financial wizard Hjalmer Schacht.

Fate of Col. Gen. Alfred Jodl, who signed the Reims surrender, was said to be almost a toss-up, with most of the experts predicting he will escape the hangman's noose.

Informed sources believe the executions will be staged either in the vast Nuernberg stadium where Der Fuehrer used to shout defiance to the world, or in the courtyard of the Landsberg jail.

Hitler and Rudolf Hess were inmates of Landsberg after the abortive 1923 Munich putsch.

War Veterans Are Honored
Slovak Club Pays Tribute To Members Who Served In World War II

SEVERAL ADDRESSES
FEATURE PROGRAM
War veterans of the Slovak club were honored Sunday afternoon at El Rio Beach when a picnic was held, a program of addresses presented and a sports program run off. Not all of the 224 men of the club who served in the armed forces were present but there was a surprising proportion.

Following the national anthem, President John Stofick opened the program with an address of welcome and introduced the chairman of the day, Attorney Charles Dlugokenski. Mr. Dlugokenski spoke feelingly of the three men of the organization who gave their lives on foreign battle fields and of the heroic service of the entire group that served. He then introduced Attorney Joseph Solomon, master of ceremonies.

Mayor John F. Havan was the first speaker and congratulated the (Continued on Page Two)

Death Penalty Is Reported For Mikhailovitch

Yugoslav News Agency Says Supreme War Court Sentence Is Death

TEN OTHERS ALSO TO FACE EXECUTION

BELGRADE, July 15.—(INS)—Gen. Draja Mikhailovitch, Serbian Chetnik leader who lost favor with the United States and Britain in 1944, and ten others today were sentenced to be shot by a Yugoslav firing squad.

A Yugoslav military court convicted the haggard Mikhailovitch on charges of treasonable collaboration with the Germans—an allegation he denied.

LONDON, July 15.—(INS)—The Yugoslav News Agency reported today that the supreme war court has sentenced Gen. Draja Mikhailovitch, Chetnik wartime leader, to death before a firing squad.

Ten of 23 co-defendants were also sentenced to death. All had been charged by the official prosecution with collaboration and treason during the German and Italian occupation of Yugoslavia.

An unspecified number received prison terms.

All the accused will be stripped their property by a special order stipulating governmental confiscation, the agency said.

It was not immediately known whether Mikhailovitch would appeal.

When the court announced last week that it would disclose its verdict (Continued on Page Two)

Married After 64 Year Friendship

AKRON, O., July 15.—(INS)—Eighty-one-year-olds Mr. and Mrs. Norman B. Wise, Sr. of nearby Boston township, were honeymooning today after their Saturday marriage at the Summer Home for the Aged in Akron.

The marriage culminated a 64-year friendship interrupted by two previous marriages for the bridegroom and one for the bride.

Mrs. Wise, the former Mrs. May Jane Morgan, is a grandmother and has been a resident of the home for the past 16 years. Her marriage to Wise, a great-grandfather, was the home's first.

President To Sign British Loan Bill

WASHINGTON, July 15.—(INS)—President Truman will sign the bill granting a three billion 750 million dollar loan to Great Britain at a White House ceremony this afternoon.

The measure will be signed in the presence of representatives of the British government, congressional leaders and high government officials.

The ceremony will be attended by Chief Justice Fred Vinson, who was secretary of treasury while negotiations were being conducted for the loan.

DROP RELIEF SUPPLIES

LONDON, July 15.—(INS)—Reuters reported today that RAF planes in India have been parachuting supplies to a half-million people isolated in eastern Bengal by flood waters.

Well, I Swan—A Hitch Hiker!

Although he's supposed to be taking a swimming lesson, one of two newborn, black-necked South American swans steals a ride on the back of his proud parent (right) at Chicago's Brookfield Zoo. The other little cygnet, more seriously swims sedately.

'Sheer Humbug' Term Applied To Soviet Argument

NEW YORK, July 15.—(INS)—Dr. H. V. Evatt, Australian foreign minister, today blamed secret commitments of the "Big Three" for present diplomatic unrest and denounced as "sheer humbug" the Soviet Union's arguments against the United States plan for international atomic control.

In an international broadcast carried on the NBC network and beamed to Australia, Evatt served notice on the world that the smaller nations will not stand for a "rubber stamp" peace conference.

He charged that the major powers would have reached satisfactory agreements more promptly if they had used "democratic" methods and had permitted their smaller allies to participate in the recent Big Four conferences in Paris.

Attacking the Soviet Union's argument against an international atomic control authority as posed by the United States, Evatt hit sharply at Russia's insistence on keeping atomic control under the thumb of the United Nations Security Council where it has the "non-democratic" right of veto. He asserted:

"It is a fallacy to suppose that (Continued on Page Two)

Newest Plane Is Revealed By Army

HAWTHORNE, Cal., July 15.—(INS)—The Army air forces today took the wraps off its newest plane—the North American P-82, night fighting twin fuselage Mustang.

The P-82 was said to have a top speed of over 475 miles an hour and a combat range of 2,500 miles under full armament.

It has an operating ceiling of 45,000 feet and carries 50 caliber machine guns, 20 rockets or two 1,000-pound bombs.

Adaptable as a fighter escort, bomber and reconnaissance plane, the P-82 has a gasoline heating system extending the full length of each wing's leading edge for cold weather and high altitude operations.

The plane is powered by two 12-cylinder Allison engines.

Has A-Bomb Ended Navy As Our First Line Of Defense?

Has the atomic bomb ended the navy as our first line of defense? What did the first test at Bikini show?

Clark Lee, famous International News Service staff correspondent who covered all phases of World War II, both in the Pacific and in Europe, gives his impressions in a series of two stories. The second story will be published tomorrow.

By CLARK LEE
(U. S. Staff Correspondent)

BIKINI, July 15.—Before the first atomic bomb test at Bikini on July 1st, it was frequently alleged in the public prints that the United States Navy was not entering the experiments with an open mind about the results.

Charges were made that the navy was prepared to fight for the preservation of naval weapons in approximately their present forms even though it was proven that they were obsolete, outmoded and a burden to our national defense in this atomic age.

Origin of Some
Not a few of those allegations originated in the army air force, which at present is fighting for an equal place with the army ground forces and the navy. The air force has not been above playing a little dirty pool now and then in an effort to offset the navy's stubbornness and as many airmen believe, unpatriotic fight against merger of the services.

In fact, the idea that grew into the 700 million dollar Bikini bomb tests was spawned in the brain of a bright young publicity man for the

Christmas Tree Shown In Church

READING, Pa., July 15.—(INS)—The congregation was startled when it walked into the Bethany Evangelical church and saw a Christmas tree resplendent with electric lights and colored balls.

The tree's appearance was explained, though, when John Zinn, a member of the congregation, delivered a sermon with the theme the Christmas spirit must burn as brightly in July as it does in December.

Porter To Urge Truman Veto

Price Administrator Wants OPA Bill Vetoed If Meat, Dairy Controls Are Out

TRUMAN'S ATTITUDE NOT YET REVEALED

WASHINGTON, July 15.—(INS)—Authoritative sources revealed today that Price Administrator Porter will recommend to President Truman that the OPA extension bill again be vetoed if meat and dairy products are not placed under price controls.

Porter has informed close associates that he will ask the Chief Executive to disapprove the new measure unless Congress removes Senate amendments keeping major food commodities on the "free market."

Meanwhile, President Truman was reported to have told Sen. Vandenberg (R-Mich.) that the OPA bill was in "terrible shape" and "couldn't be any worse."

Some newsmen reported they heard the President make these remarks to Vandenberg when the senator asked him the status of pending legislation upon Vandenberg's arrival at the Washington National Airport from the Paris "Big Four" meeting.

Other newsmen said that they did not hear the President make the comments on the OPA bill. Vandenberg declined comment.

Porter To Urge Veto
Porter was said to be prepared to urge a presidential veto of the OPA bill with the knowledge that a second veto would doom all controls with the possible exception of those on rents.

The OPA chief was described as feeling that no price control law could be effective when practically all foods were decontrolled.

The Senate amendments objected to by Porter were offered by Sen. Wherry (R-Nebr.), the minority whip. They would bar resumption of price controls on livestock, meat, poultry, eggs, milk, cream and butter.

It was upon the recommendation (Continued on Page Two)

Farmer Badly Hurt By Tractor

William J. Douglas Of R. D. 1, Enon Valley, Suffers Severe Injuries Late Saturday

William J. Douglas, aged 63 years, of R. D. 1, Enon Valley, was badly injured Saturday afternoon, in a tractor accident at his farm, and is reported in a serious condition in the Jameson Memorial hospital, where he is undergoing treatment.

Mr. Douglas had driven the heavy tractor up an incline into the barn, the doors of which were open on both sides. He went to make a left turn inside the barn, and realizing he was pretty close to the doors, attempted to apply the brakes, but pulled the wrong lever, the tractor going on through the doors, and overturning on top of him. A wagon, loaded with hay, which was attached, broke loose from the tractor and stayed inside the barn.

Fellow workmen were unable to extricate him for about a half hour. In addition to sustaining a fracture of the right hip, he also suffered severe lacerations of the left thigh. He was brought to the hospital at 5 p. m. Saturday.

Two Deaths On Highway Reported

LOCK HAVEN, Pa., July 15.—Fractured vertebrae sustained in a fall from a truck today were blamed for the death of Henry Sampson, 62-year-old Loganton farmer. He died in a Lock Haven hospital.

William Bumberger, 53, of Mineral Springs, was the victim of another highway accident near Renovo. He died of burns sustained while attempting to put out a fire in his automobile.

DEATH RECORD

Monday, July 15, 1946

Mrs. Thomas Brown, 69, Wilkinsburg.

Harry E. Marshall Sr., 87, 221 North Crawford Avenue.

Mrs. Mary Christina Sandoz, 73, 1217 Selota Street.

Mrs. Sadie Bettes, 191 Fifth Avenue, Aliquippa.

Wilson Douthett Martin, 71, R. D. 6.

New Witnesses Called In Probe Of 'War Profits'

Inquiry Goes Into Third Week Before Mead Senate Committee

CONGRESSMAN MAY DECLINES TO APPEAR

(BULLETIN)
WASHINGTON, July 15.—(INS)—Sen. James Mead (D-N.Y.), senate war investigating committee chairman, said today the decision on whether legal steps will be taken to compel Rep. Andrew J. May (D-Ky.), key witness in the war contracts investigation, to appear at a public hearing is being held in abeyance.

Mead indicated the decision will be made when the testimony of other witnesses is completed.

WASHINGTON, July 15.—(INS)—The Mead committee called a new panel of witnesses in its "war profits" inquiry today, recording a temporary draw in its "tug-of-war" to get Rep. Andrew J. May (D) of Ky., to testify on any but his own terms.

Joseph T. Freeman, high-salaried Washington representative of Erie Basin Metal Products, Inc., key unit in the 16-firm "paper empire" of companies under investigation, was listed as the lead-off witness for the third week of the inquiry.

Other Principals Called
He was to be followed by three other principals in the munitions combine—one of them under subpoena but "missing" when the committee recessed for the weekend.

Louis Sareles, Washington office manager for Erie Basin and Batavia Metal Products, Inc., an affiliate, was identified as the "missing" witness.

Scheduled for an appearance with him were Allen B. Gelman and Joseph T. Weiss, top-ranking officials in many of the Illinois firms with which military committee chairman May has been linked in testimony.

Unlike May and Henry M. Gars (Continued on Page Two)

Denies Runaway Prices Exist After OPA Comes To End

CHICAGO, July 15.—(INS)—Owen M. Richards, general manager of the American Dairy association, denied today that runaway prices exist as a result of the end of OPA.

Richards took the present price of butter, 80 cents a pound, as an example. He asserted:

"Under OPA butter was 65 cents. The government subsidy was almost 15 cents. Thus the consumer, paying his food bill, paid the merchant 65 cents, but actually paid the government 15 cents more."

"Similarly, on milk, there was a subsidy of two cents a quart, the same as the price increase now in effect."

Richards said food subsidies cost the government around two billion dollars a year, or approximately \$18 per person every year. He added:

"One fact stands out—it was not the end of the U. S. A., but only the demise of OPA."

Arthur Mometer

It's fun to speed when the road is straight and traffic is fairly light, but cut 'er down on the curves and hills or driving along at night. You're not that much in a hurry, my friend, to take a chance on your life, or somebody's youngster alone on the road, or maybe it's somebody's wife. The hospital waits for the screwball lad who drives with the throttle down, who cares for no one on lane or road or out in the busy town. And the jail house pansies for the likes of these, the lad on a gasoline spree, so take it easy and slow 'er down; the weather is seventy-three.

PA NEW OBSERVES

Having was in progress on the Scottish Rite cathedral hillside Saturday afternoon.

The stork had a field day at the Jameson Memorial hospital over the weekend, eleven babies being born, of which nine were girls, another definite sign as some claim, that the war is over.

Pa New was notified this morning that N. Morganti, of 1411 Jackson avenue, picked three ripe tomatoes out of his garden this morning.

Just 14 inches of rain fell during the night, barely enough to wet the surface of the ground, but it did cool off the atmosphere. Gardeners are hopeful that more would be forthcoming during the day, at least enough to penetrate down into the ground and benefit garden staff. Farmers who are lagging with their wheat and hay crop, wouldn't want much rain, however.

Once more St. Swithin's day has arrived. According to the tradition, if it rains on St. Swithin's day, which is today, it will rain for 40 days, and if it doesn't it will be dry for 40 days.

A blessed event had the East Brook area in a dither Saturday evening, when a dairy cow belonging to Frank DeSalvo, R. D. 5, gave birth to twin bull calves, it was reported today to Pa New.

Daily Weather Report

United States weather statistics for the 24-hour period ending at nine a. m. today follow:

Maximum temperature, 89.
Minimum temperature, 60.
Precipitation, 14 inches.
River stage, 4.8 feet.

Statistics for the 24-hour period ending at nine o'clock Sunday morning are as follows:

Maximum temperature, 86.
Minimum temperature, 52.
No precipitation.

Labor Policy Of Gen. MacArthur In Japan Defended

MacArthur's Headquarters Defends Policy Against Implied Russian Criticism

TOKYO, July 15.—(INS)—General MacArthur's headquarters today defended the labor policy of the occupation against implied Russian criticism.

MacArthur's economic and scientific section issued a statement pointing out that a 22-point Japanese labor legislation program submitted by Russia implied that the occupation has done little for laboring classes in Japan.

Contrary To Truth

The headquarters statement said this implication was "entirely contrary to the truth," and added that "practically nothing new is actually contained in the Soviet suggestions except the provision that laborers on strike could seize and operate properties involved."

It was pointed out that almost all of the Russian suggestions which were offered to the allied control council by Lieut. Gen. Kuzma Derjyanko are either already in force or under consideration.

As evidence of the success of the occupation's labor policy, it was stated that 4,000 Japanese labor unions with membership totaling more than three million persons have been established since the war's end.

BYRNES RETURNS; WILL REPORT ON BIG FOUR PARLEY

(Continued from Page One)

Intimating a return to isolationism on America's part. They said that now British support for U. S. views on important international political matters is likely to be increased.

Bank Loan To France

Another development, the formal signing of the 650 million dollar export-import bank loan to France, also was expected to muster support from France at the coming 21-power Paris conference which meets July 29 to draft treaties for Italy, Poland, Romania, Hungary and Bulgaria.

Byrnes, dapper and unruffled after weeks of tough negotiation arrived in Washington early Sunday. JOHN A. ALLSOPP GIVEN DISCHARGE

John Alfred Allsopp has returned home following his discharge March 12 in Philadelphia from service with the Navy as seaman first class. He is the son of Mrs. William Allsopp of Gardner Stop, and the late Mr. Allsopp.

Prior to discharge Allsopp was on duty aboard the U.S.S. Pennsylvania. He enlisted in the Navy July 3, 1943.

HAS A BOMB ENDED NAVY AS OUR FIRST LINE OF DEFENSE?

(Continued from Page One)

last fall. Three B-29's took off from northern Japan for a non-stop flight to Washington. They were scheduled to arrive just prior to the Navy Day celebrations and to attract public attention to the fact that 16-knot battleships seemed just a little old-fashioned in a day when airplanes can fly 7,000 miles without refueling.

The air generals were doomed to disappointment, for the planes were slowed down by head winds and forced to land at Chicago. The subsequent successful flight a few days later failed to steal any of the navy's thunder.

One more disappointment was in store for them at Bikini, where the first atomic bomb did not sink any of the anchored capital ships.

Prior to the explosion of the first bomb, Secretary Forrestal vigorously denied all charges concerning the navy's alleged failure to view the experiments with an open mind. They were also denied by Vice-Admiral Blandy, who so far has carried out his atomic test directives with the greatest efficiency.

Stalling Element?

But there is the die-hard, old-school element whose members were responsible for retarding the growth of naval aviation and stalling the development of long range air bombers by the army air corps.

The sentiments of this group were expressed in a conference aboard the press ship Apalachian two days before "able" day, by Vice-Admiral John Hoover.

Asked bluntly whether, if the tests proved the advisability of such a course, the navy would in the interests of the nation abandon its "antiquated" battleships and "obsolete" aircraft carriers, Admiral Hoover replied with matching bluntness:

"We will not give up our surface ships!"

And a civilian who is very high in navy councils said: "Even if every ship is sunk in the tests, it won't mean that ships are obsolete as a major weapon in war. It will simply mean that we must triple or quadruple our present navy."

PORTER TO URGE TRUMAN VETO

(Continued from Page One)

of Porter, and Chester Bowles, then economic stabilizer, that the President decided to veto the first OPA extension bill, despite the advice of his "Big Four" congressional leaders.

The amendment-riddled OPA bill faces its first House test tomorrow when the lower chamber will vote whether to send the measure to House-Senate conference.

MAN INJURED IN AUTO ACCIDENT

Stanley Parnaski, aged 29 years, of R. D. 1, Edenburg, suffered injuries of the left side of the chest, Sunday, in an automobile accident. He was treated at the Jameson Memorial hospital, where it was found no bones were broken. A young woman, who was with him in the car, escaped injury.

Deaths of the Day

William John McCandless

Funeral services were conducted this afternoon from the Thompson funeral home in Butler for William John McCandless, aged 53 years, who died suddenly at 8:20 o'clock Saturday morning at his home in Meridian, Butler county.

He had resided in the Butler district all his life and was employed in the police department of the Pullman Standard Car Manufacturing company during the war years.

In addition to his widow, he leaves two daughters and five sons, who reside in Butler county; a sister, Mrs. Gertrude Denhart of New Castle, and two brothers, Josiah of California, formerly of New Castle, and James T. McCandless of R. D. 5, Butler. Mrs. Allen Cartwright of this city is a niece and Harry A. Cramer of New Castle is a nephew.

Mrs. Thomas Brown

Mrs. Annie Brown, 69 years of age, wife of Thomas Brown, 502 Hay street, Wilkesburg, died Saturday at 11:45 p. m. at the home of Mrs. Julia Dorcas, 515 Young street, this city. Mrs. Brown was visiting in this city.

The body is at the Crunkleton funeral home. Funeral services will be held Wednesday at 2 p. m. from the funeral home. Grant street. Interment will be in Greenwood cemetery.

Friends may call at the funeral home Tuesday evening.

Mrs. Mary Christina Sandozzi

Mrs. Mary Christina Sandozzi, aged 73 years, 1217 Sciota street, died Sunday morning at 8 o'clock following an illness of complications. She was the widow of Elmo Sandozzi.

Mrs. Sandozzi was born in Italy, daughter of August and Nancy Butcher. For 37 years she lived in this city.

Surviving are four children, James E. of Struthers, O.; Mrs. Louis Ross, this city; Joseph and Augustine Sandozzi, and 23 grandchildren.

High mass of requiem will be offered Wednesday morning at 9 o'clock in St. Vitus church and interment will follow in St. Vitus cemetery.

The body is at the J. R. Bigler funeral home, South Mill street, where friends may call at any time.

Harry E. Marshall, Sr.

Harry E. Marshall, aged 87 years, of 221 North Crawford avenue died this morning at 2:15 following a three weeks' illness. His wife, Mrs. Louella Tiddell Marshall, died 18 months ago.

Mr. Marshall was born May 13, 1859, in this city, son of John and Elizabeth Dunlap Marshall. He resided here his entire life, and 20 years ago retired. He was a charter member of the Epworth Methodist church and the Men's Bible class of that church.

Surviving are a son, Harry E. Marshall, Jr., this city; a brother, Ed, this city; two grandchildren and a great-grandchild.

Funeral services will be from the Howard L. Reynolds funeral home, Adams street, Wednesday at 2:30 p. m. Rev. George Braun in charge.

Friends may call tonight 7 to 9 o'clock and Tuesday 2 to 4 and 7 to 9 p. m.

Interment will be in Oak Park cemetery.

Mrs. Sadie Bettres

Mrs. Sadie Bettres of 191 Fifth avenue Aliquippa, died in the New Castle hospital Sunday at 4:40 p. m., following a long illness.

She was born in Syria, daughter of Mr. and Mrs. Albert Dahoud. For 50 years the deceased lived in Aliquippa. Mrs. Bettres was a member of St. John the Baptist church, this city.

Surviving are two daughters: Mrs. Jennie Isaac, this city; Mrs. Rose Mike, Aliquippa; a son, Peter, of Syria; a sister, Mrs. Zina Bettres and eight grandchildren.

High mass of requiem will be offered Thursday morning at 11 o'clock in St. John the Baptist church, Rev. Fr. Elias Nader in charge.

Interment will be in St. Vitus cemetery.

Wilson Douthett Martin

Wilson Douthett Martin, aged 71 years, of R. D. 6, died at the home of his sister, Mrs. Mary Munnell, R. D. 6, Sunday at 7:45 p. m., following a year's illness of complications.

Mr. Martin was born in Princeton, February 10, 1875, son of George and Rosanna Douthett Martin. For several years he lived in Lora, Mo., and was a blacksmith by occupation.

Pravda Charges U. S. Domination Of Nations Sought

LONDON, July 15.—(INS)—The Soviet Communist party newspaper Pravda charged today that some American and British circles want to use "atomic diplomacy" to legalize Anglo-American domination of the United Nations.

The article quoted by the Moscow radio apparently referred to Bernard Baruch's recommendation that the Big Five surrender their veto in cases involving punishment for nations violating atomic agreements.

Pravda said this would assail "the basic principles on which the United Nations was built." It declared:

"This atomic diplomacy tends only to increase the mistrust among states and the alarm and uncertainty among peoples. The will of the nations is absolutely clear."

"They demand immediate and absolute prohibition of the production and use of atomic weapons. This demand forms the essence of the Soviet proposals for control. The Soviet plan guarantees effective control and observation and appropriate sanctions in the event of violations."

The Russian plan would safeguard the veto of the Big Five in all matters, including punishment for violators of atomic agreements.

Henry Home Children Enjoy Camp Vacation

Six older children from the Margaret Henry Children's Home are now vacationing with Assistant Matron Miss Bertha Patterson at the Allegheny river cottage owned by Matron Mrs. Lida J. Green.

When this group returns on August 4, Mrs. Green and four other youngsters will leave to spend the remainder of the month at the cottage. A group of 16 boys will spend another week at the "Y" camp later on. Boys far outnumber the girls at the home this year.

Former residents are planning a reunion on the lawn of the home next Sunday, when a picnic lunch will be served and games and other entertainment will be enjoyed. Mrs. Ann Castle is serving as chairman of the arrangements. Invitations have been sent to persons in California, Maine, Florida, and many other states.

DEATH PENALTY IS REPORTED FOR MIKHAILOVITCH

(Continued from Page One)

dict today it informed Mikhailovitch that he would be free to appeal to Yugoslavia's legislature.

No judicial appeal is possible because he was tried before the highest court in Yugoslavia.

Climaxes Long Trial

The sentence climaxes a long trial in which Mikhailovitch first admitted and then denied that he collaborated with the Germans and Italians to attack Marshal Tito's partisans or acted treasonably.

Then, when he was questioned about his apparent inconsistency he said: "When I am tired, I say yes."

The Chetnik leader acknowledged that a number of subordinates rejected his orders and joined Axis units. He insisted that he did not authorize their traitorous actions.

Mikhailovitch requested permission to summon American and British testimony, but these petitions were denied.

Earlier the Yugoslav government turned down two requests from the U. S. state department that American soldiers who served with Mikhailovitch or were rescued by his Chetniks from probable capture, be permitted to serve as witnesses.

NEW WITNESSES CALLED IN PROBE OF 'WAR PROFITS'

(Continued from Page One)

son, chief promoter of the Erie Basin-Batavia enterprises, Gellman and Weiss have assured the committee they will answer all questions without claiming constitutional immunity or specifying other conditions.

Chairman Mead (D-N. Y.), who has branded the current case "war profiteering at its worst," sent May two letters in two days urging his appearance as a witness to explain fully his connection with the Garsion interests.

Deductions Drawn

The second Mead letter was a stern admonition that the senate committee was forced to conclude that May admitted testimony against him "to be true" and declines to explain the facts.

Mead stood fast on the committee's decision that it could not grant May's request that he be permitted to have his own counsel cross-examine old witnesses, call new ones, and subpoena records of his choice. The senator assured May he would be given the same rights which the congressman's own house committee grants witnesses appearing in its investigation hearings.

"This atomic diplomacy tends only to increase the mistrust among states and the alarm and uncertainty among peoples. The will of the nations is absolutely clear."

"They demand immediate and absolute prohibition of the production and use of atomic weapons. This demand forms the essence of the Soviet proposals for control. The Soviet plan guarantees effective control and observation and appropriate sanctions in the event of violations."

The Russian plan would safeguard the veto of the Big Five in all matters, including punishment for violators of atomic agreements.

Henry Home Children Enjoy Camp Vacation

Six older children from the Margaret Henry Children's Home are now vacationing with Assistant Matron Miss Bertha Patterson at the Allegheny river cottage owned by Matron Mrs. Lida J. Green.

When this group returns on August 4, Mrs. Green and four other youngsters will leave to spend the remainder of the month at the cottage. A group of 16 boys will spend another week at the "Y" camp later on. Boys far outnumber the girls at the home this year.

Former residents are planning a reunion on the lawn of the home next Sunday, when a picnic lunch will be served and games and other entertainment will be enjoyed. Mrs. Ann Castle is serving as chairman of the arrangements. Invitations have been sent to persons in California, Maine, Florida, and many other states.

DEATH PENALTY IS REPORTED FOR MIKHAILOVITCH

(Continued from Page One)

dict today it informed Mikhailovitch that he would be free to appeal to Yugoslavia's legislature.

No judicial appeal is possible because he was tried before the highest court in Yugoslavia.

Climaxes Long Trial

The sentence climaxes a long trial in which Mikhailovitch first admitted and then denied that he collaborated with the Germans and Italians to attack Marshal Tito's partisans or acted treasonably.

Then, when he was questioned about his apparent inconsistency he said: "When I am tired, I say yes."

The Chetnik leader acknowledged that a number of subordinates rejected his orders and joined Axis units. He insisted that he did not authorize their traitorous actions.

Mikhailovitch requested permission to summon American and British testimony, but these petitions were denied.

Earlier the Yugoslav government turned down two requests from the U. S. state department that American soldiers who served with Mikhailovitch or were rescued by his Chetniks from probable capture, be permitted to serve as witnesses.

NEW WITNESSES CALLED IN PROBE OF 'WAR PROFITS'

(Continued from Page One)

son, chief promoter of the Erie Basin-Batavia enterprises, Gellman and Weiss have assured the committee they will answer all questions without claiming constitutional immunity or specifying other conditions.

Chairman Mead (D-N. Y.), who has branded the current case "war profiteering at its worst," sent May two letters in two days urging his appearance as a witness to explain fully his connection with the Garsion interests.

Deductions Drawn

The second Mead letter was a stern admonition that the senate committee was forced to conclude that May admitted testimony against him "to be true" and declines to explain the facts.

Mead stood fast on the committee's decision that it could not grant May's request that he be permitted to have his own counsel cross-examine old witnesses, call new ones, and subpoena records of his choice. The senator assured May he would be given the same rights which the congressman's own house committee grants witnesses appearing in its investigation hearings.

NEW COLLEGE HEAD

PHILADELPHIA, July 15.—Dr. Gilbert P. White, 35, formerly a member of the faculty of the University of Chicago, has been named president of Haverford College. Dr. White replaces Acting President Archibald MacIntosh, who has headed the college since the resignation of Dr. Felix Morley September 1, 1945.

Pravda Charges U. S. Domination Of Nations Sought

LONDON, July 15.—(INS)—The Soviet Communist party newspaper Pravda charged today that some American and British circles want to use "atomic diplomacy" to legalize Anglo-American domination of the United Nations.

The article quoted by the Moscow radio apparently referred to Bernard Baruch's recommendation that the Big Five surrender their veto in cases involving punishment for nations violating atomic agreements.

Pravda said this would assail "the basic principles on which the United Nations was built." It declared:

"This atomic diplomacy tends only to increase the mistrust among states and the alarm and uncertainty among peoples. The will of the nations is absolutely clear."

"They demand immediate and absolute prohibition of the production and use of atomic weapons. This demand forms the essence of the Soviet proposals for control. The Soviet plan guarantees effective control and observation and appropriate sanctions in the event of violations."

The Russian plan would safeguard the veto of the Big Five in all matters, including punishment for violators of atomic agreements.

club for its remembrance of the men who served. He called upon the men and women present to continue remembering the service of these men in a better Americanism.

Judge John G. Lamore was the second speaker and was eloquent in his tribute to the Gold Star Mothers of the club. He reminded the crowd that it was the service of all such Americans as those who went out from the Slovak club that freedom was preserved and charged them with their duty of preserving the freedom for which the armed forces fought.

REHEARSAL FOR NEW BOMB TEST SET FOR FRIDAY

(Continued from Page One)

which will touch off the bomb will be sent from the ship Cumberland Sound, named "Abraham" in the Crossroads communication setup.

Officials said the photo-flash bomb will be rigged above the water on a drydock in the inner target cluster for the rehearsal.

As part of the rehearsal, all non-target ships and all personnel will leave Bikini lagoon. Photographic and observer planes, drone surface craft and the "death-ray patrol" which checks on radioactivity, will make their prescribed movements.

Will Arbitrate Seamen's Dispute

NEW YORK, July 15.—(INS)—Two AFL seamen's unions which had prevented 14 CIO-manned vessels from leaving New York harbor promised withdrawal of pickets today following acceptance of a government offer of arbitration.

The International Seafarers Union and the Sailors Union of the Pacific said the government had promised a decision in 14 days.

They had kept the ships tied to the docks by preventing AFL longshoremen from loading or unloading them in retaliation for alleged CIO "raiding."

The AFL maritime unions charged that CIO longshoremen at Coos Bay, Ore., had refused to load a vessel until its AFL crew was replaced by seamen from the National Maritime Union.

THOMPSON-FEE WEDDING SATURDAY

Miss Phyllis Thompson, daughter of Mr. and Mrs. Raymond Thompson, of Grove City, and Joseph Fee, son of Mrs. Edie Fee, of 409 Hutchison street, this city, were married at 8 o'clock Saturday morning in the Church of the Beloved Disciple, Grove City.

Rev. A. C. Quirk officiated at the double ring ceremony.

The bride wore a street-length dress of pink wool jersey with a brown picture hat and brown accessories and carried white gardenias and stephanotis. Mrs. Leonard J. Fee, sister-in-law of the groom, as the bride's attendant wore a blue gown with pansy applique and carried pansies and sweet peas.

Leonard Fee was best man for his brother. He and his bride are themselves newlyweds of June 29.

Organ music during the ceremony was played by Mrs. C. J. Schlicht.

Following the ceremony, a reception was held by the bride's parents in their home, corner of Main and Center streets, for 75 guests.

After the reception the young couple left on a honeymoon to Kentucky and Cincinnati, O. In Louisville, Ky., on Saturday, the bridegroom will be best man for his brother Martin at his wedding to Miss Kathleen Henaghan, of Louisville.

Mr. and Mrs. Joseph Fee will take up residence here where he and his brother operates the Mart Restaurant.

The new Mrs. Fee is a graduate of Grove City High school and has been an assistant dancing instructor in a Grove City studio for the past several months.

ntn

FAMILY PICNIC FOR SERVICEMEN

Mrs. Mary E. Patton, Hallamsburg road, had a family picnic at her home, Saturday, in honor of the returned servicemen of the family, which included Richard and William Reed, Willard Patton, Wayne Vannoy, Charles Miller, William Haddad, a special guest. Pvt. Robert Patton, who is stationed at El Paso, Tex., was the only member of the family not present.

A picnic lunch and supper was served on the lawn to Mrs. Patton's seven children, 19 grandchildren and two great-grandchildren.

QUEEN ESTHERS TO HAVE PICNIC

Members of the Queen Esther's class of the Third U. P. church, taught by Mrs. Bernard Hook, will hold their annual picnic at Millcreek Park, Slippery Rock pavilion, Tuesday evening at 7:15.

Following the picnic the group will assemble at the home of Mrs. Harold McNeely, Wells Court, Youngstown. Mrs. McNeely is a former member of the class.

All-Together Club

All-Together club members met at Cascade park Sunday for their annual picnic, and a full course chicken dinner was served in the grove.

Songs were sung after dinner by Mrs. Marietta Cecil, Mrs. Pasqualina Donofrio, Mrs. Assunta Sabelli and Mrs. Concetta Leonardo.

Prizes were given to the heaviest and smallest woman, Mrs. Marietta Cecil, and Mrs. Mary Ross, respectively.

July 17 is the meeting with Mrs. Angeline Lombardi, Harrison street.

WEDDING DATE TOLD AT DESSERT-BRIDGE

For her cousin, Miss Eleanor Chapman, bride-elect of August, Miss Ruth Chapman entertained at a dessert-shower Saturday afternoon at her home on the Youngstown road.

When guests took their places for dessert, each found a streamer leading to an arrangement of individual corsages in the center of the table which revealed announcement of the wedding date chosen by the guest of honor, August 17.

The wedding will take place in the First Methodist church.

During the afternoon, tables of bridge were in play on the lawn and prizes went to Mrs. Charles Hayden, of Youngstown, and Miss Margaret Preston.

The bride-elect, a senior at Penn State College, will be graduated August 8. She is the daughter of Mr. and Mrs. Wilbert J. Chapman, of Delaware avenue.

Her fiancé, John Oliver Silvers, is the son of Mr. and Mrs. Oliver C. Silvers, of Hillside avenue, Newark, N. J.

DINNER SATURDAY FOR E. T. W. CLUB

Members of the E. T. W. club and their husbands motored to Pleasant Hills, Pittsburgh, Saturday, where they were entertained by Mr. and Mrs. W. D. Jones, former residents of New Castle.

At 1:30 o'clock dinner was served on the lawn with the hosts assisted by Mr. and Mrs. Ray Cartwright, also former New Castle residents.

Games were enjoyed during the afternoon with prizes going to Mrs. H. A. Donaldson, Mrs. Thomas Lindsay, Mrs. J. H. Gillfillan, John Donaldson, and C. H. Milholland.

In August the group will be entertained by Mr. and Mrs. I. L. John, of Warren, O.

BETROTHAL TO END IN FALL WEDDING

Mrs. R. C. Bartholomew of the Wilmington road announces the engagement of her daughter, Mildred Bartholomew, to Stephen E. Hutnick, son of Mr. and Mrs. Stephen Hutnick, of 105 East Clayton street.

The engagement will terminate in a fall wedding.

PYTHIAN SISTERS TO PICNIC AT PARK

Past Chiefs club of the Pythian Sisters and Pythian Sisters will have a picnic at Cascade park Tuesday evening, July 16, at 6 o'clock.

Lo-Cour-Cheer Club

Members of the Lo-Cour-Cheer club met at the home of Mrs. Claudia Nelson, Walnut street, on a recent afternoon for a 1:30 luncheon.

Cards were in play, with prizes going to Mrs. Gladys McClure, Mrs. Hilda Jeffries and Mrs. Minnie White.

On July 26, Mrs. Minnie White, Walnut street, will entertain the club.

The group is making plans for a reunion on September 20.

Family Dinner

To celebrate the birthday of Merle Allen of West Washington street extension, members of his family gathered for dinner Sunday.

Picnic dinner was served on the lawn and during the afternoon games were the pastime.

One son, DuWayne Allen, who recently returned from overseas, was present. He will report back to camp at the end of the week.

Tureen Dinner

Members of the Mary Copeland Missionary Society of the Third U. P. church will meet at the Cascade park on Tuesday, July 16, at 12 o'clock for a tureen dinner. Mrs. Ed Ryan is in charge of the dinner and Mrs. Scott Munnell will have charge of the program.

B. P. W. Picnic Wednesday
In Cascade park grove Wednesday evening at 6 o'clock Business & Professional Women's club members will meet for their July picnic.

Miss Wilda Smith is chairman of reservations and Miss Emily Rice of dinner arrangements.

Section B to Meet

Section B of the Y. L. B. class of the Third U. P. church will meet Friday evening at the home of Mrs. James Crisswell, Randolph street.

Pioneer Club to Picnic

Pioneer club of the Woman's Benefit association will meet for 6 o'clock dinner at Cascade park Thursday evening.

Mrs. Axel Pearson, Bessemer, is spending two weeks with her son and family, Capt. and Mrs. Eric E. Pearson, Washington, D. C. Captain and Mrs. Pearson recently announced the arrival of a son, Douglas Eric.

DISCHARGED WAVE, NEWLYWED, VISITS

Mr. and Mrs. Robert F. Thomas have arrived for a visit with Mrs. Thomas' mother, Mrs. William Allison of Gardiner Stop.

Mrs. Thomas is the former Frances Allison, A. M. M. 3-c, who received a discharge from service in the WAVES July 12 at Washington, D. C.

Her marriage to Robert F. Thomas, M. O. M. MF. 1-c, of the navy, son of Mr. and Mrs. J. R. Thomas of Sedalia, Mo., took place April 1 in Rockville, Md., at a ceremony performed by Rev. C. Skyle in his home.

Attendants to the couple were Florence Mrow, A. M. M. 3-c, and Kenneth McManahan, S. 2-c, both stationed at Norfolk, Va., where the bride had also been stationed since she reported for duty with the WAVES June 1, 1944.

The bride and groom will visit here for several more days before leaving for Missouri to visit his parents.

DELLIQUADRI-GESEUE WEDDING IN CHURCH

At an impressive wedding ceremony solemnized in St. Vitus church, Miss Mercedes Delliquadri, daughter of Mr. and Mrs. Michael Delliquadri, of Mabel street, became the bride of Emil Gesue, son of Mr. and Mrs. Albert Gesue, 1021 DuShane street, on July 11, at 9 a. m.

Rev. Fr. Nicholas DeMita officiated at the service, using the double ring ceremony. The altar was embellished with ferns and flowers, and a large group of friends and relatives attended.

Given in marriage by her father, the bride was lovely in a gown with lace bodice, and full net skirt, entrain. Her veil was caught in a crown of seed pearls, and she carried a bouquet of white roses and baby's breath.

Miss Gloria Serafino, cousin of the bride of Detroit, was maid of honor, and wore a white velvet dress over blue organza, with blue accessories. She carried a bouquet of yellow tearoses.

Fred Napadano served as best man.

Supplementing the ceremony, a wedding breakfast was served at the Gesue residence, and following a wedding dinner for 100 was served at Oakhurst. A reception was held in the evening.

Mr. and Mrs. Gesue departed on a wedding trip to New York. Mrs. Gesue was a former employee of Johnson Bronze company. Mr. Gesue completed four years in the Navy, and was honorably discharged. He is affiliated with the Johnson Bronze company.

Out-of-town guests include: Mr. and Mrs. Guy Serafino, Mr. and Mrs. Vincent Marco, Patsy DeLorio of Detroit; Mr. and Mrs. Paul Gesue, Cleveland; Mr. and Mrs. Carl Bartlo, J. Valliano, John Leonelli, Mr. and Mrs. John LaCivita, Youngstown; Mr. and Mrs. Ben DePompeo, Mr. and Mrs. Donald DePompeo and Nick Gesue, all of Bedford, O.

Commission To Probe Education System Of Nation

President Names Commission To Re-Examine Educational Set-Up Of Our Country

WASHINGTON, July 13.—(INS)—President Truman on Saturday named a national commission on higher education to re-examine the educational system of the nation.

The president designated Dr. Francis Brown, director of the division of higher education of the American Council of Education, as executive secretary.

Included in the group of prominent educational and religious leaders on the commission is Mrs. Eleanor Roosevelt, widow of the late president.

Mr. Truman wrote members of the commission that "as veterans return to college by the hundreds of thousands, the institutions of higher education face a period of trial which is taxing their resources and their resourcefulness to the utmost."

He said that the federal government "is taking all practicable steps" to assist the educational institution in providing higher learning for the veterans.

Outlines Plan
The president said: "It seems particularly important, therefore, that we should now re-examine our system of higher education in terms of its objectives, methods, and facilities, and in the light of the social role it has to play."

"These matters are of such far-reaching national importance that I have decided to appoint a presidential commission on higher education."

"Among the more specific questions with which I hope the commission will concern itself are: ways and means of expanding educational opportunities for all able young people; the adequacy of curricula, particularly in the field of international affairs and social understanding; the desirability of establishing a series of intermediate technical institutes; the financial structure of higher education with particular reference to the requirements for the rapid expansion of physical facilities."

The president designated reconstruction director John R. Steelman to serve as liaison officer between the commission and the government.

Queen Victoria had 37 great grandchildren alive at the time of her death.

London Comment On Loan Action

News Chronicle Says American Loan Is 'Good Neighborly' Transaction

LONDON, July 15.—(INS)—The London News Chronicle welcomed the new American loan to Britain today as being a "good neighborly—not a Shylock transaction."

The News Chronicle's reaction was typical of other newspaper comment, although all publications adhered to strict party "lines" in discussing the matter.

An editorial in the daily telegraph declared Saturday's vote in Washington was more than a vote in favor of a loan to Britain. It added:

"It was a vote of confidence in the present direction of American foreign policy . . . its acceptance will strengthen the hand of Secretary of State Byrnes in international negotiations."

The Labor Department's mouthpiece, the Daily Herald, warned it would be wrong to count gains from the loan in terms of food, gasoline, newsprint and other tangible items. It added:

"More important for the purposes of national reconstruction are the quantities of machinery and raw materials we shall now be able to secure for the advantage of our hard-pressed industries."

A dissenting opinion was voiced by the Daily Express, which charged the loan may be good for Britain from a short viewpoint, but that from a long viewpoint it "will threaten Britain with separation from her empire."

By bobbing his head in a certain way, the sea gull shows other gulls the direction of a school of fish.

Senator Taylor Accepts Pledge

WASHINGTON, July 15.—(INS)—Sen. Taylor (D) Idaho, today decided to accept his \$10,000 annual salary and sign the "pledge" that he does not belong to a union that asserts the right to strike against the government.

Taylor said he signed "reluctantly" an affidavit submitted to him by OCO Thompson, the senate financial clerk, when Thompson advised him that the prohibition applied only to organizations of government employees.

Taylor said Thompson declared that an anti-strike "rider" inserted in an appropriation bill did not affect the Sheet Metal Workers In-

ternational Association, with which the senator is affiliated.

In view of that explanation, Taylor added, he signed the affidavit, but did so reluctantly because he did not favor compelling any government employee to sign such a pledge to retain his job.

WESTINGHOUSE WORKERS WILL ATTEND RALLY

PITTSBURGH, July 15.—(INS)—CIO-United Electrical Workers of the Westinghouse Electric Corporation will take time off today to attend a rally being staged by 1200 striking workers of the corporation's mica and foundry departments.

A union spokesman said the workers were protesting the company's readjustment of time values which

they claimed was causing a decrease in "take home" pay.

The decision to attend the rally came after yesterday's election during which the CIO-UE local elected delegates to the international union "anti-Communist" ticket.

New Group Off To Y.M.C.A. Site

First Camp Period Comes To End Sunday; Over Seventy Boys Leave City Today

Another eager group of young members of the Y. M. C. A. left the city this morning for their week at Camp Fred L. Rentz, while the first week campers concluded their period at the summer site Sunday.

The youthful campers were joined by their parents and friends Sunday at the camp, a total of over 150 motoring to the site to be with their boys at the religious service held there.

Rev. Burr McKnight of the First Methodist church, was in charge of the Sunday service. Music was provided by DeLace Cole, Tommy Hares and James Hamilton. At the end of the service the young campers returned to the city with their parents, thus ending a fun-packed week at the association's playground.

Today the new boys will be assigned to their cabins and also be placed on athletic teams for the week.

The camp will continue for five weeks, the final group finishing August 12.

W. C. T. U. AND L. T. L.

East Brook W. C. T. U.

East Brook W. C. T. U. will be entertained at the home of Mrs. J. A. Young, East Brook, for picnic dinner at noon Thursday.

L. T. L. and W. R. R. members will be guests.

Election of officers will take place. Mrs. Lillian Johns and Mrs. Margaret Patterson are in charge of arrangements.

Governor Silent On Demands For Special Session

HARRISBURG, July 15.—(INS)—Gov. Edward Martin gave no hint today of bowing to demands for a special session of the legislature which was advanced by a group of war veterans shepherded to the state capitol by several C.I.O. leaders.

During a two-day meeting, which ended yesterday, more than 400 veterans adopted resolutions requesting the governor to convene an extraordinary session to enact legislation on housing, education, fair employment, rents and a state bonus.

The ex-servicemen, under the direction of William Miller, chairman of the Philadelphia C.I.O. veterans committee, held a meeting in a local auditorium and then staged a march on the state capitol. Signs and a "We want Martin-out" chant marked the brief march which was under the watchful eye of several state troopers in plain clothes.

The governor had told the veterans he would not be at the state capitol when they arrived but said he would be "pleased" to receive a report of their recommendations.

Veterans voted to ignore a written report in favor of a conference. A committee was named to seek a conference with the governor.

HARD ON THE THUMB

SACRAMENTO, Cal.—(INS)—It's 198 miles round trip from Sacramento to San Francisco and back—quite a jaunt for a daily commuter—but Joseph Heinrich of Sacramento does it, and furthermore uses his thumb to get there. The reason behind Heinrich's method is of course, San Francisco's housing shortage.

Lt. Col. Miller To Address Lions

LT. COL. RALPH T. MILLER

Lt. Col. Ralph T. Miller, of Pittsburgh, recently promoted from brigadier, who is divisional commander of the Salvation Army in this area, will address members of the New Castle Lions club, at their noon luncheon meeting in The Castleton, Tuesday noon.

Lt. Col. Miller is a forceful speaker. His subject will be, "The Ideal Lion", and his address is certain to be one worthwhile.

EXCEEDED EXPECTATIONS

ST. JOSEPH, Mo.—(INS)—The crew of the U. S. battleship Missouri was amazed and elated over the reception accorded it by the Turkish people when the "Mighty Mo" recently visited Turkey, reports Lt. Cmdr. Raymond E. Dillon who now is home on leave in St. Joseph.

Four Are Dead Due To Accidents

Traffic Accidents And Drownings
Take Four Lives In Pittsburgh District

PITTSBURGH, July 15.—(INS)—A survey showed today that four persons were killed and five others injured in traffic and drowning accidents in the Pittsburgh district over the week end.

The dead were listed as Frank R. Guca, 28; H. L. Minick, 48; Frank Scatena, 6, and John Leasie, 38, all of Pittsburgh.

Police said Guca died instantly when struck by a street car while attempting to push his stalled automobile from the tracks and Minick died of injuries sustained in a two-car collision.

Young Scatena drowned after taking a forbidden plunge into the Allegheny river, according to police, and Leasie drowned in the Youngstown river while taking a Sunday afternoon dip with two other male companions.

American Officer Charges Statements False, Misleading

NEW YORK, July 15.—(INS)—Col. Robert McDowell, chief of the last American military mission with Gen. Mikhailovich in Yugoslavia, charged today that statements attributed to him at the trial of the Chetnik leader in Belgrade were false and misleading.

Col. McDowell made his sworn statement in the form of an interrogation made public by the committee for a fair trial for Draza Mihailovich.

He denied that either he or the chief defendant in the Belgrade treason trial had ever met the German administrator for Serbia, as evidence at the trial said they had.

McDowell, a member of the general staff corps now on duty in Washington, refuted, too, the charge that Mikhailovich had received 5,000 rifles from the Germans while he was at the general's headquarters.

The colonel's statement was passed by the war department, the committee said, before its release.

THE WORLD AND THE MUD PUDDLES

(Continued From Page Four)

the sole and exclusive right of determining Peace and War, "except in the cases mentioned in the sixth article—of sending and receiving ambassadors—entering into treaties and alliances, provided that no treaty of commerce shall be made whereby the legislative power of the respective States shall be restrained from imposing such imposts and duties on foreigners, as their own people are subjected to, or from prohibiting the exportation or importation of any species of goods or commodities whatsoever."

And this was another clause that made for friction.

Article IX went on to endeavor to provide for the settling of "any dispute or difference now subsisting or that hereafter may arise between two or more States concerning boundary, jurisdiction, or any other cause whatever."

That settled nothing. All such questions under the Constitution are now settled by the Courts of the United States.

Article IX also provided that the natural duty of Congress shall be to regulate exclusively "the alloy and value of coin struck by their own authority or by that of the respective States."

This last was too much. That was a sole right of Congress and so provided by the Constitution.

This Article also went on to provide for the appointment of a Committee, "to sit in the recess of Congress, to be denominated 'a Committee of the States', and to consist of one delegate from each State; and civil officers, as may be necessary for managing the general affairs of the United States under their direction—to appoint one of their number to preside, provided that no person be allowed to serve in the office of President more than one year in any term of three years."

This Article furthermore provided that the United States in Congress assembled, practically should never act unless nine States assent.

It also gave Congress power "to adjourn at any time within the year, and to any place within the United States, so that no period of adjournment be for a longer duration than the space of six months," and that they should keep a journal and publish it monthly (the Journal now exists as the Congressional Record, but it is published daily). And while the Article provided that a transcript of this Journal should be furnished to any member, today forty thousand printed copies of this "Journal" are distributed every day by the members of Congress, duly franked.

Article X provides that the Committee of the States, mentioned in Article IX shall have the powers of Congress as the United States in Congress assembled, by the consent of nine States.

Article XI provided for the admission of Canada into the Confederation if Canada so desired.

Article XII bound the United States to the payment of all bills that the United States had incurred, "by, or under the authority of Congress, before the assembling of the United States, in pursuance of the present Confederation."

Article XIII provides that "every State shall abide by the determinations of the United States in Congress assembled, on all questions which by this Confederation are submitted to them. And the Article of this Confederation shall be inviolably observed by every State and the Union shall be perpetual."

Many of the signers of the Articles of Confederation were also signers of the Declaration of Independence.

For instance: For New Hampshire, Josiah Bartlett; for Massachusetts, John Hancock; Samuel Adams and Eldridge Gerry; for Rhode Island, Williams Ellery; for Connecticut, Roger Sherman, Samuel Huntington and Oliver Wolcott; for New York, Francis Lewis; for New Jersey, John Witherspoon; for Pennsylvania, Robert Morris; for Delaware, Thos. McKean; there was no one in Maryland who signed both documents; for Virginia, Richard Henry Lee and Francis Lightfoot Lee; for North Carolina, John Penn; for South Carolina, Thos. Heyward, Junior; there was no one in Georgia who signed both documents.

Westminster Plans Expansion Program

At a meeting of authorities of the college, at Westminster it was determined to give Prof. J. I. Reaney, newly appointed Director of Extension, authority to open up the facilities of the college for afternoon and evening sessions, beginning with the fall term which opens in September.

This is Westminster's first step in answer to the Governor's challenge from Harrisburg last week to the colleges to find ways and means to make higher educational opportunity available to all youth who have the type of ability necessary to pursue college work and who wish to do so. It is a decided break with staid college tradition and routine, but Westminster has arrived at the point where it feels that service to the public is of more consequence to society than tradition.

Within the past year Westminster has turned away more than a thousand prospective students. It is to be expected that the vast majority of these people have found admission elsewhere. The college has no way of knowing how many G. I.'s or recent high school graduates are still without a college.

"Roundup Meeting" Thursday
For this reason it is planned to hold a "round-up" of all persons who may be interested in attending college this fall. This meeting will be held in the College Chapel at New Wilmington at 8 o'clock Thursday evening, July 18.—If it is determined that there are enough persons interested to warrant the college enrolling upon such a program, registration will begin.

The plan of offering the work on the campus, because of the additional facilities available to students at the college and because of the greater opportunity afforded to students to engage in college life.

Westminster is in close proximity to numerous towns and cities in this area, and the commuting problem is only minor. Many students have, during the past year, commuted from considerable distance. The greater problem for the colleges has been to secure additional competent faculty to open up more and more classes as the number of students has increased.

Westminster hopes, with this additional program, to make her contribution to the young men and women of this area during the present emergency, and to answer the Governor's challenge to make more educational facilities available.

Central Christians Have Annual Picnic

Enjoyable Time Had By Members Of South Side Church At Park In New Wilmington

Central Christian Church and Sunday school members, enjoyed their annual picnic, Thursday, at the Community Park, in New Wilmington, with 175 members present.

Preceding the serving of supper, the group joined in the singing of the Doxology, with the invocation being asked by Rev. James N. Rainey, pastor of the church. Following supper, swimming and games were enjoyed.

The committees serving were as follows: table, coffee, committee: Mrs. Christina Shoff, Mrs. Henry Jenkins and Mrs. Thomas Phelps; transportation, Howard Zeigler, Carl Klink and William Strobel; sports, Mrs. Neal Williams, Rev. Rainey, Kenneth Zeigler and Mary Elizabeth Norris.

Winners of races and games were as follows: picnic winners, Claudia Wilson, Ronnie Martin, Claudia Price, Janet Moore, Carol Richards, Rose Ann Zeigler, Marlene Glass, Mabel Darwin, Sidney Moore, Kenneth Zeigler, Eleanor Evans, Ida Mae Cowmeadow, Clarence Frey, Mrs. Robert Thompson, Mr. and Mrs. Carl Klink, Celia Strobel and Clara Strobel.

In the bean guessing contest, winners were: Mrs. Norman Zeigler, Mrs. Charles Irwin and Peggy Moore, while in the tack guessing contest, Mrs. Henry Jenkins and Mrs. William Conley, won.

Radio telegraph is used almost exclusively for communicating with airplanes over the oceans some distance from the U. S. coast.

Relief Burden In State Shows Some Decrease

HARRISBURG, July 15.—(INS).—The department of public assistance today viewed a decline of 1336 recipients of general assistance during the week ended July 6 as a sign that improved employment conditions would lighten the relief burden.

The drop in the number of general assistance eligibles during the week was offset by the department's monthly recapitulation of recipients of old age assistance, aid to dependent children and blind pensions.

Acting Secretary Robert P. Wray reported increases totaling 2526 in the three types of state aid during June.

The net effect was to add 1020 persons to the rolls boosting the total burden to 260,101 recipients.

Tenants Bargain With Landlord

CHICAGO, July 15.—(INS).—One hundred tenants living in a north side Chicago apartment house today began to work out an agreement for collective bargaining with their landlord on the rent problem.

The agreement reads like a union contract. It was reached after the tenants complained to the Tenants League of America that their landlord, Henry Gould, had served notice of rent increases ranging from 60 to 70 per cent.

The league advised them to form a committee of their own, and negotiate, which they did.

Under the agreement rent increases will be investigated and adjustment negotiations undertaken if the investigators believe the raise unfair.

In case of disagreement a five-man board of arbitration will be established representing the tenants, the management, a real estate board representative and an impartial party.

As yet the tenants have made no suggestion on what they consider a proper raise.

Henry Gould, the landlord, is a war veteran who believes in collective bargaining. He said: "I'm a union man myself."

New Bedford Tops East Brook, 13-11

New Bedford defeated East Brook in a North County league game Sunday at New Bedford 13 to 11 with J. Kupiec the winning hurler and Reynolds the loser. Heavy hitting was done by J. Gruenwald with four hits in six trips to the plate, three singles, a double and walked twice.

B. Moorhouse slammed a homer for the victors with the bags deposited.

City Dwellers Safer In Lightning Storms

PITTSBURGH, July 15.—The chances of being hit by lightning in a summer storm are about 365,000 to one, according to a noted student of lightning phenomena.

Dr. G. D. McCann, lightning research expert for Westinghouse Electric Corporation for the past decade, has been trapping thunderbolts with special instruments that count their frequency, photograph them and measure their intensity.

Most lightning casualties occur in small towns and rural communities," Dr. McCann said. "The city dweller is relatively safe, chiefly because he seldom has far to go to reach shelter, and, too, the shelter is bigger and safer."

Tall buildings afford almost complete protection because their steel skeletons serve as electrical conductors, Dr. McCann pointed out. The ordinary city dwelling provides a good haven, too.

Dr. McCann is studying lightning so that Westinghouse engineers may develop improved circuit breakers, arresters and other protective devices to make electric power systems lightning proof.

Little Change In Hughes' Condition

Physicians Report Condition Of Noted Aviation Enthusiast Still Critical

LOS ANGELES, July 15.—(INS).—Howard Hughes' condition has changed very little in the last 12 hours, and today remains critical, his physicians said.

His bulletin read: "Howard Hughes' temperature remains at the same elevated level—101°. His pulse is high, running between 120 and 140. His respirations are still painful and somewhat labored. There is no increase in the fluid in the left chest."

"Mr. Hughes has just had three hours of restful sleep. He has had a small amount of liquid nourishment."

The bulletin was signed by Drs. Verne R. Mason, Lawrence Chaffin and John Jones.

It suggested the noted flyer had failed to measure up to the improvement hoped for by his physicians in an earlier bulletin.

In that bulletin Dr. Mason said: "There is every reason to believe Hughes will pull through if the fluid in his left lung does not become infected."

New Bus Terminal Plan For Pittsburgh

PITTSBURGH, July 15.—(INS).—The Civilian Production Administration today approved the construction of a new bus terminal in Pittsburgh by granting priorities for \$130,000 worth of building materials.

The action came following a recent city council resolution asking the CPA to hasten a decision on the building of the terminal.

The project is expected to relieve traffic congestion caused by buses parking at curbs in downtown Pittsburgh to unload and take on passengers.

Peasant Leader In Poland Tells Of Mass Arrests

Mikolajczyk Tells Newsmen 5,000 Of Party Were Arrested During Referendum

By JAMES E. BROWN
(U.S. Staff Correspondent)

WARSAW, July 15.—Peasant party leader Stanislaw Mikolajczyk told foreign news correspondents Saturday that 5,000 members of his party were arrested during the recent referendum in Poland, and that his protests so far were "useless."

Repeating his previous charges of fraud, Mikolajczyk showed the foreign correspondents a batch of destroyed referendum ballots which he said were found scattered over the countryside and dumped in the sewers.

Some were partly burned and some were intact.

The peasant party leader declared: "I am not allowed to publish this evidence of fraud in my newspapers. You are the only group to whom I can present my case."

"I have protested to the government concerning terrorism, arrests and threats of censorship but it is useless. Five thousand members of my party were arrested during the referendum."

He submitted peasant party figures from 14 districts showing an 84 per cent majority in his favor despite government claims that it had carried these precincts.

Mikolajczyk, whose party opposed abolition of the senate and inauguration of a unicameral legislature on the grounds that it will pave the way for totalitarianism, declared:

"I have been receiving letters daily from people demanding the fall elections should be supervised by Great Britain, Russia and the United States, and the candidates should be guaranteed immunity from arrest."

He refused to comment on the statement issued by Augustus Cardinal Hlond and the Kielec pogrom, saying he had not read the details yet. But he added:

"I am expressing amazement that the pogrom could take place for so many hours in a town which is filled with police and soldiers. They always were efficient in breaking up our meetings."

Forty-one Jews were slain in the violent uprising at Kielec last week.

Heroism Medal Award Is Made To Fire Heroine

NEW YORK, July 15.—(INS).—The Theodore N. Vail gold medal for heroism and \$1,000 were awarded posthumously today to Mrs. Julia C. Berry, telephone operator who died at her switchboard during the June 5 LaSalle hotel fire in Chicago in which 61 persons were killed.

The Bell system awards committee said the medal and money will be presented to Mrs. Berry's orphaned son, John Joseph Berry, 15.

Mrs. Berry twice resisted efforts to get her to leave her post as she called room after room to warn hotel guests of their danger. When the fire was over her charred body was found at the switchboard.

The Bell system awards committee said the medal and money will be presented to Mrs. Berry's orphaned son, John Joseph Berry, 15.

Await Lighting Bid In Pittsburgh

PITTSBURGH, July 15.—(INS).—City officials today awaited the Duquesne Light Company's bid for furnishing power for Pittsburgh's new lighting system.

Officials indicated that if the bid exceeds \$325,000 a year they will appeal to the Public Utilities Commission in Harrisburg.

The new lighting system will eliminate the ancient setup of lighting streets, bridges and parks, according to Public Works Director James M. Devlin.

Previously the city received an offer from a New York utility concern to install and maintain equipment for \$3,500,000 and that at the end of 10 years, the equipment would become city property.

The local light concern now operates the lighting system for approximately \$60,000 a month.

Diphtheria Outbreak Reported In Germany

FRANKFURT, July 15.—(INS).—U. S. Third Army headquarters reported Saturday that 15 G.I.s have been hospitalized by an outbreak of diphtheria in one of its ordnance schools.

The announcement said 29 other American soldiers and 49 German civilians showed positive throat cultures during physician examinations.

All of the infected Germans were hospitalized immediately to minimize the possibility of a full-scale epidemic.

Second Group Of East Brook Campers Entertain Sunday

Close to 100 guests visited the 26 girls at East Brook camp Sunday, during visiting hours from 2 o'clock until 4 in the afternoon and from 7 o'clock until 9 in the evening.

Those who visited camp in the afternoon saw a swimming demonstration, while the evening guests were entertained with an amateur program and candlelight service.

After their visitors had left, the campers enjoyed a moonlight swim. These girls now at the Y. W. C. A. camp near East Brook are the second group of campers this season.

son. They are in the 12-16 year old group.
Miss Marion Ochampaugh is camp director.

LUTHER LEAGUE CONVENTION

PITTSBURGH, July 15.—(INS).—The Luther League of America will close its five-day golden jubilee convention tonight with the installation of officers.

Delegates named Howard L. Logan of Glendale, Calif., as president of the organization that was founded 50 years ago in Pittsburgh. Other officers elected were:

Ray Henderson of Zellenople, Pa., first vice president; Garfield Raymond, Waterloo, Can., second vice president; Howard Turkheimer, Jr., Philadelphia, treasurer; and Ruth Blackburn, Washington, recording secretary.

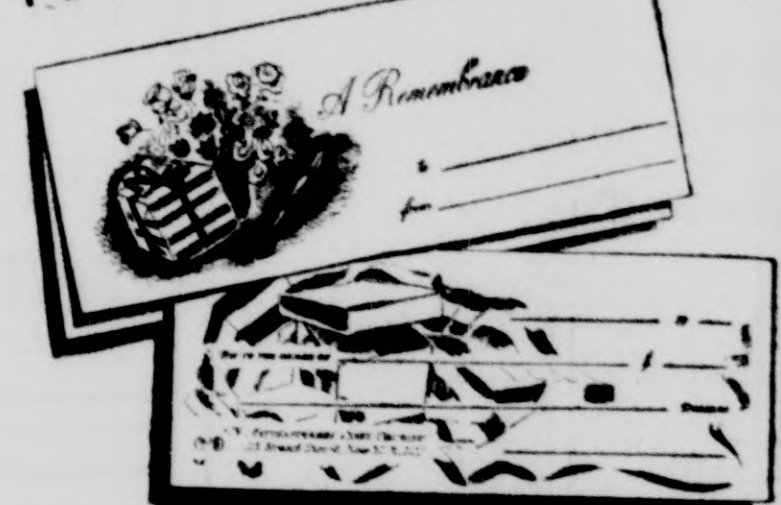

Yearbooks Ready For Distribution By Senior Class

Ne-Ca-Hi yearbooks have arrived and will be ready for distribution to those holding coupons on Tuesday evening from 7 o'clock until 9, and on Wednesday from 9 o'clock in the morning until 3 in the afternoon.

Some cash sales will be made also.

From blueprints to final launching, American commercial ships are subject to scrutiny of Coast Guard officers who pass on their seaworthiness and details of operational control.

National Guard Plans Force Of 682,114 Men

WASHINGTON, July 15.—The War Department disclosed orders for a post-war National Guard of 682,114 officers and enlisted men—twice the size of the pre-war guard force.

Major General Butler B. Miltonberger, chief of the department's National Guard Bureau, announced an upward revision in stretch to 25 infantry divisions and two armored ones.

'Highly Trained' Force
Miltonberger told reporters that the guard would be "a highly trained, mobile M-Day force" and added that "under a directive from General Dwight D. Eisenhower, we are setting up units individually as soon as they are ready."

Miltonberger predicted that all the divisions and several score smaller combat units would be in process of activation by the end of the year. At their present pace, he said the 84 National Guard air squadrons that are planned would be ready by Nov. 1. Squadrons at St. Louis and Denver are to be the first.

2 New Divisions
He told of plans to create two new infantry divisions but they were not identified. Miltonberger announced, however, that the 44th Infantry Division, previously allocated to New Jersey, had been shifted to Illinois. New Jersey will get the 50th Armored Division and Texas the 49th Armored Division.

All States and territories except Hawaii have now accepted their troop allotments, Miltonberger said, and 18 States have been authorized to go ahead with actual organization.

Under new war plans, Miltonberger stressed that the coast artillery would be a highly mobile unit, equipped with radar and other modern equipment to cope with guided missiles and rockets of the atomic age.

More In Coast Artillery
Plans call for about 11,900 coast

artillerymen but Miltonberger said the number probably would be increased, and predicted also there might be a merger with anti-aircraft forces.

To skeleton regiments of the 28th Infantry Division of Pennsylvania will get a short period of training this fall at Indiantown Gap, Pa., and training is to "get into full swing" next summer for all the active guard units.

Future training will involve amphibious operations with the Navy, he added. Under other plans, National Guard enlisted men will be sent to regular Army officer candidate schools to qualify for commissions.

Large Fish Caught By Local Angler

Fish stories sometimes become realities, and that was the case when Arthur H. Hughes, 934 Adams street made his catch Saturday.

Art was fishing with trout equipment, in Sandy Lake when a 15 pound muskie came along. He was using a fly rod but the big fellow didn't get away, even though it took the assistance of David George and John Swan, fellow fishermen, to get it into the boat. It was 37 inches long.

Other fishermen looked enviously at Mr. Hughes as he paraded around the lake with his catch. One man from Chicago asked to hold the fish to have his picture taken. Imagine the tale he will go home and relate of his fishing trip at Sandy Lake.

Mr. and Mrs. John S. Swan held a fish supper Sunday evening at their home on the Ellwood road for about fifteen members of the family, while the men repeated the details of the catch.

**\$200.30 Circulating
For Each American**

WASHINGTON, July 15.—There's enough money in circulation to average out to \$200.30 for each American. For a population estimated officially at 149,967,000 Treasury figures today disclosed money in circulation totaled \$28,239,864,335.

LETTERS TO THE NEWS

(Letters intended for this column must be signed with name and address of writer.)

MORE FROM JOE

Office of Joe Bulger, Coaltown, Pa., July 12.

Jake Rentz, News Co.

I today met on the street Jim Mayberry & he said hello Joe where have you been resting the last few weeks he said I have not seen you round. I said you have got the wrong adverb Jim I ain't been resting on account I have been away in a foreign country fishing with Lou Round which owns the power company. Anyway Jim said I read in one of the local papers June 26 (twenty six) your letter where is exposed the untruth told by the clock in the court house steeple as regards the time of day. He said something should ought to have been did about the same to these many days. Well I said that ain't the worst of it Jim. If you will look I said you will see up above the clock steeple a high rod on which same there are arrows pointing in 4 (four) directions. If you will look careful you will see that the arrow which says North is not north at all but is 15 (fifteen) degrees cockeyed, & all the other arrows are cockeyed to the same extent & distance. It looks bad enough I said for the court house clock to fool people as regards the time of day but to misdirect innocent & trusting visitors so they get themselves lost is apt to make strangers in our midst think that they have got themselves into some new deal town.

No Joe said Jim you have got the thing wrong. He said the court house is a very old building & you can tell by the north arrow on the steeple just how old it is. Well I said I can see that the court house is very old except I don't see what the arrow on the same has got to do with telling the age of the same. Well Joe he said I don't know if you can understand the same on account it is mixed up & very scientific for ordinary minds but I will explain how the thing is done. In the first place he said the arrow on the steeple pointed to the North Star when the court house was new. But he said the North Star don't stay put in the same place. It is always moving around & this is on account of the way the earth wobbles. Anyway he says at some drug store you can get free & gratis an almanac & you will find on the front page of the same a round circle which has 12 (twelve) sections. Each of the sections is called a house & all of the same are called the signs of the zodiac. If you hold the same up to the sky at night you will see that each of the houses matches up with some collection of stars which have the same name as the houses are marked. The true north direction moves around the ring through the twelve houses in the zodiac once in every 27264 (twenty seven thousand two hundred sixty four) years. Also the ring covers 360 (three hundred sixty) degrees. So one house covers 30 (thirty) degrees. Also as the north direction moves through 1 (one) house in 2272 (twenty two hundred seventy two) years it will take 1136 (eleven hundred thirty six) years to move through 15 (fifteen) degrees. So Joe you can see that on account of the North arrow being now 15 (fifteen) degrees cockeyed & untrue & having been set correct when the court house was built this proves that the building is now 1136 (eleven hundred thirty six) years old & was built in the year 810 (eight hundred ten) which makes it the oldest court house in the country. This said Jim is in scientific grammar called QED.

So long
JOE BULGER.

**Hunt Pair Stealing
Car From Officer**

PLACERVILLE, Cal., July 15.—(INS)—A statewide search was on today for two unidentified men and a woman who gained the confidence of a navy chief petty officer and then snugged him and stole his car near Donner Pass.

Paul Deman, 32, of Pittsburgh, Pa., the petty officer, was hospitalized at Placerville with severe lacerations about the head.

Deman was found wandering in a dazed condition along the highway early yesterday and told authorities that he was blackjacked and pushed over an embankment by two men and a woman whom he met in a Reno bar.

The navy man said he had agreed to drive the trio to San Francisco since he was returning to the Alameda Naval Air Base where he is stationed.

**Report Campaign
Of Disobedience In
Palestine Delayed**

LONDON, July 15.—(INS)—Reuters reported from Jerusalem today that the Zionist inner council has postponed for a few days its order for Jews in Palestine to begin a campaign of civil disobedience against the British.

More than 1,000 Jews detained in the Rafa camp, however, declared they will begin a hunger strike at dusk tonight against British policies on Jewish immigration.

Dr. Chaim Weizmann, president of the Jewish agency, meanwhile, was reported to have warned Britain that civil disobedience will be started in the Holy Land if Jewish leaders are not released from prison.

The London News Chronicle reported from Jerusalem that Weizmann declared the threatened step would mean refusal to pay taxes, and cessation of all dealings with the British government.

Weizmann was said to have stated that any Jews in the Holy Land who failed to adhere to a disobedience call would be forced to fall in line by Haganah, the armed Jewish force.

The London Daily Telegraph's Jerusalem correspondent reported that the Jewish agency has decided to seek the release of imprisoned leaders first by a campaign of non-cooperation, then by civil disobedience if necessary.

**Threaten Action
In Chicago Strike**

CHICAGO, July 15.—(INS)—An industry-wide strike was threatened today by the CIO United Farm Equipment and Metal Workers union unless strikes at the J. I. Case and Allis-Chalmers plants are settled and workers' demands are met.

The union's executive board,

For the year 1945, \$35,000,000 in addition to wages was spent by General Electric in extra benefits for employees

It isn't a new thing for General Electric to put more than money into pay envelopes for its employees.

"Job dividends"—these extras that G-E employees get in addition to wages—have a sound business reason. To be successful, a company must be efficient. A man with fewer worries can produce more efficiently, which makes further benefits possible.

Profit-sharing plans, relief and loan plans began over 10 years ago at General Electric. Life insurance for em-

ployees, cash for suggestions began over 20 years ago. Pension plans were started 33 years ago. And vacations with pay began 53 years ago.

Every employee has a stake in the future of General Electric. For out of its success—and only out of success—can come further advances in living standards. That is the aim of General Electric, not alone for its employees, but for the public, who gain by new and better products, continuously improved.

GENERAL ELECTRIC

DO YOU NEED MONEY?

HOUSEHOLD Can Help You

... if you need \$50, \$100, \$200 or more. At Household you borrow up to \$850 on salary, car, or furniture—no endorsers needed—take up to 18 months to repay unless wartime regulations require a shorter period. Household loans are arranged simply, quickly, with no embarrassment or delay. Phone now. We can arrange to have your money ready when you come in.

CHOOSE A MONTHLY PAYMENT PLAN					
Find here the cash you need					
	\$50	\$100	\$200	\$500	\$850

More Recruits Are Accepted By Navy

Chief Quartermaster J. P. Burrell, in charge of Navy recruiting here, today announced the list of those men who were enlisted in the U. S. Navy on July 10. They include: John Henry Rose and Paul Richard Bender, New Castle; David Erwin Workman, Grove City; Harold Chovan and Gilbert Knapp, Sharon; Earl Don-

ald Roberts and Paul Vaughan Hoffman, Sharpville; John Robert Plusquellec, Masury; O. Ruda Virgil Mumford, Jr., Rouseville; and Vincent Anthony Stallone, Franklin.

Chief Burrell emphasizes the advantages which are available now to men who enlist for naval service, due to the splendid increase in pay, which is now in effect. An apprentice seaman receives \$75 at enlistment, and advances automatically to \$80 per month at the end of four months service. All other ratings have also been increased, ranging upwards to \$165 per month for a chief petty officer.

Assert Flyers May Travel Over 1,000 Miles Per Hour

WASHINGTON, July 15.—(INS)—The army air forces asserted today that soon an American flyer might hurtle through the stratosphere at more than one thousand miles an hour in newly-developed rocket-powered airplanes.

The AAF declared that "it is no more idle speculation that an American airman soon may smash through the strange Sonic Barrier which has been compared to a stone wall."

The newly designed aircraft which is expected to carry a man into the unexplored upper atmosphere is the first of a series of strictly research planes. The military application is to come later.

Service Journal Report

The AAF Review, official service journal, said: "From new supersonic wind tunnels—where scale models have been hurled at 2,200 miles per hour into an inert gas, simulating a speed as much as seven times that of sound—or 4,500 miles per hour—came revolutionary data from which to project the transonic plane."

It was pointed out that other transonic and supersonic aircraft are on the drawing boards and in laboratory stage.

The AAF expressed certainty that "in the near future a pilot will take off in an airplane on what may be the most important mission since man's first flight," declaring:

"It is no longer a secret that the AAF is about ready to attempt to fly faster than the speed of sound and it is no more idle speculation that an American airman soon may hurtle through the stratosphere at more than one thousand miles an hour."

Huge Hay Crop Will All Be Used

Since old Dobbin has supposedly gone out of existence with the coming of the automobile and the tractor, many people of New Castle are wondering what will become of the abundant crop of hay harvested this year.

It is true, there was a large crop of hay this summer and some farmers resorted to baling to be able to get it all stored, but many hay mows were empty when haying started. Those mows have to be filled for this winter's feeding.

But there is still the question of what the hay is fed to. Some sources claim that there are more horses now than before the advent of the auto and tractor.

Every farmer has some cattle and many have a good sized herd. Cattle are fed hay, usually alfalfa, not timothy. Some Lawrence county farmers ship hay to the Pittsburgh stock yards.

Resident's Nephew Dies In Colorado

O. H. P. Robinson, a retired Union Pacific Train Dispatcher of Denver, Colo., who died on June 19, was buried in that city, according to word received by his brother, Charlie C. Robinson, of Garrett, Ind., a former resident of this city.

Mr. Robinson was born in Edinburg, Pa., September 12, 1868, son of Amzi and Nannie Green Robinson. He was the nephew of Alderman O. H. P. Green, this city. His wife, preceded him in death, 15 years ago.

MAJOR BOWES LEAVES EXTENSIVE FUND

NEW YORK, July 15.—It was announced yesterday at the St. Patrick's Cathedral masses that approximately \$2,400,000 will be disbursed under the direction of Francis Cardinal Spellman, according to provisions of the will of the late Major Edward Bowes.

The late radio impresario's will designated the cathedral as residuary legatee and directed that the legacy be disbursed through a "Major Bowes Fund" under the direction of Cardinal Spellman, archbishop of New York. The total value of the estate never has been disclosed.

BOY, 13, SURVIVES 11,000-VOLT SHOCK

NEW YORK, July 15.—Bernard Resnick, 13, playing with other boys atop a freight car, touched a wire carrying 11,000 volts of electricity today and lived to tell about it. The youth was knocked 15 feet to the ground but his only injuries were burns about the body. Taken to Beth-El hospital, he said he didn't know how the accident happened.

STRIKE CLASH

BAGHDAD, July 15.—(INS)—Strikers and police at the Iraqi Petroleum Company in Kirkuk clashed today and reports said five persons were killed and 14 injured.

Speed Prosecution Of State Violators Of Food, Meat Laws

HARRISBURG, July 15.—(INS)—State agriculture department agents were under orders today to accelerate the campaign against violators of food and meat hygiene laws.

Secretary Miles Horst said 47 slaughtering plants have been closed this year including 20 during June. Two establishments closed last month were slaughtering cattle and pigs "in restaurant basements under insanitary conditions," he explained.

Thirty-three prosecutions of 53 violations of laws embracing general food, ice cream, butter, sausage and carbonated beverage were made during June, increasing cases involving 450 violations to approximately 300 "in recent months," Horst asserted.

"The public has a right to the best foods produced in clean and sanitary surroundings," Horst declared.

The great majority of established food processing plants in the state are strictly observing all food laws and regulations," he said. "Department agents are continuing to crack down on violations because these conditions must and will be cleaned up."

Records showed that restaurant owners who permitted slaughtering in the basements of their establishments at Lebanon and Robinson "were operating without licenses and in violation of restaurant regulations." They were not identified.

Rain Today? Then 40 Days Of Rain

PHILADELPHIA, July 15.—(INS)—The weatherman and other scientific observers are entitled to their own opinion, of course, but if its rains today, according to legend, it'll also rain the next 40 days.

For you see, today is St. Swin's Day—and that's the way the old tale goes.

The weatherman, looking down his nose, rather put Gen. Mac-Auliffe to shame in his intonation of the word "nuts" when the legend was mentioned this morning. And then he went right ahead and gibbly pronounced sentence of: "Rain."

His prediction covers almost all of Pennsylvania. Out in the western section, it was reported already raining, and some of the same was expected momentarily in the eastern portion.

Around Harrisburg, however, the weatherman was a bit more optimistic, "there's no prospect of rain," he commented.

Two Are Injured In Auto Collision

Two persons were injured in a crash between two cars near Stump's Hill, Route 422, at 8 o'clock last night, according to State police. The injured:

Peter Lombardi, 419 Uber street, age 25 years, suffered injuries to shoulder and arm.

Phyllis Rubino, 16 years of age, 420 East Lutton street, suffered abrasions to the leg and a shoulder injury. They are not serious.

According to the State police report Joseph Demofonte, 304 Division street, New Castle, drove his car across an intersection and it struck the auto driven by Stanley Tarnaski, Edinburg, R. D. 1.

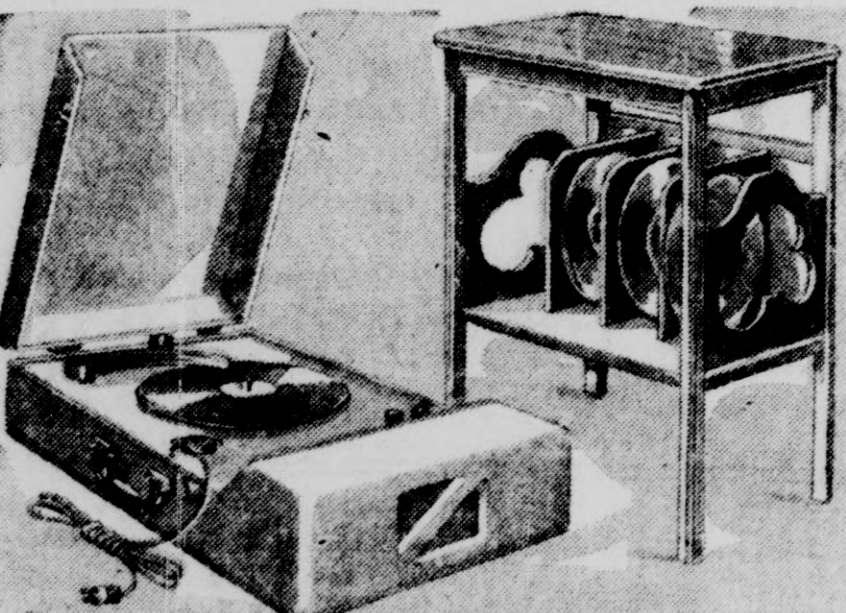

TIRE OUTLOOK

BOSTON.—(INS)—The American tire industry already this year has proved that it can turn out tires at "one-third against the highest prewar rate."

According to John L. Collier, B. F. Goodrich company president, uncertainty of supplies may prevent its maintaining this production pace through the year.

Outdoor Worshipers Hear Rev. T. J. Jones

Excellent Attendance For Third Outdoor Service Of City Churches On Sunday Evening

"Adorning the Doctrine of God Our Saviour" was the New Testament text of Rev. Thomas J. Jones, pastor of the First Presbyterian church, Reynolds street, when he addressed the assemblage of the churches of the city of New Castle on the lawn of the First Christian church on the Diamond in the third outdoor service of the Sunday evening gatherings.

Opening the service with prayer, Kenneth Gaston introduced David Rees, who led the lawn worshipers in the singing of two hymns, after which Dr. D. L. Ferguson and Sam Lewis sang a vocal duet.

Following the scripture lesson by Mr. Gaston, Dr. Burr R. McKnight led the worshipers in the evening prayer. At the conclusion of another hymn by the congregation, Dr.

Ferguson and Mr. Lewis favored with another selection.

Rev. Jones' message from Titus was well received with the speaker admonishing his listeners to be better adorners of the gospel. "We cannot adorn or dress up the scriptures," stated Rev. Jones, "but we can adorn or beautify our Christian way of living."

The service was concluded with a hymn by the audience, after which the benediction was pronounced.

Others assisting in the service were Emma Patton, who was the accompanist, and members of the Presbyterian churches of the city, who served as ushers.

Next week, it is announced that Dr. J. J. McIlvaine, pastor of the First Presbyterian church, will be the speaker of the evening, with the service being held again on the lawn of the First Christian church.

The summer series is being sponsored jointly by the New Castle Ministerial Association and the Lawrence County Christian Endeavor Union.

Mules live longer than horses, averaging 18 years to the horses' 15 years.

BOY SLIGHTLY HURT BY AUTO

When Robert Baldauf, age 4, ran into the cartway on Hillcrest avenue, he was struck by the auto of Mike Pish of 110 Hillcrest avenue, Saturday at 5 p. m. He sustained bruises to his head. Several of his teeth were loosened. He was given treatment by a physician.

The Swedish botanist, Linnaeus, built a floral clock made up of flowers which open at various hours of the day.

Deny Report Heirens Makes Any Confession

CHICAGO, July 15.—(INS)—New developments were awaited today in the Suzanne Degnan kidnap-slashing case following a 3½-hour conference between counsel for William Heirens, who has been linked with the affair by police and State's Attorney William Flinn.

Attorney John P. Coghlan, who with his brother Mel, represents Heirens, 17-year-old University of Chicago student, denied a report that Heirens had confessed the Degnan crime.

Suzanne, 6, was kidnapped last Jan. 7 from her Chicago home, slain, her body dismembered and parts thrown into sewers.

Heirens is scheduled to be arraigned tomorrow morning before Chief Justice Harold G. Ward in criminal court on 29 burglary charges, four charges of assault to kill, and one of robbery and assault.

Police added another burglary count to the list when Harvey S. Dodge of Salem, O., said he would sign a complaint against Heirens for the theft of five \$25 war bonds found in the Heirens loot.

The bonds were stolen Jan. 28, 1945, from Dodge's room in a Chicago hotel.

Police felt their case linking Heirens to the \$20,000 Degnan ransom note was strengthened by the discovery Saturday of a third discernible print.

Chief of Detectives Walter Storms said the new print matched one of Heirens.

Army enlistments Show Big Increase

WASHINGTON, July 15.—The largest weekly total in five months in army enlistments was reported today by the War Department for the last week of June, it being 25,336.

Reversing a recent downward trend, the total for the month was 62,494. This brought the total volunteers for the regular army since last fall to 347,220, the statement said.

The increase in recruiting in the last week of June coincided with action by Congress to extend the draft for nine months with 18-year-olds exempted, and to increase army pay to a maximum of 50 per cent for privates.

Ayers Reports Business Record

Business Difficulties And Poor Production Had Strong Effect In Present Year

CLEVELAND, July 15.—(INS)—Leonard P. Ayers, widely-known Cleveland economist, reported today that studies show business and industry compiled a poor record during the first half of 1946.

Although not many statistical reports covering all the first six months of the year were available, he said, those for the first four or five reflected the business difficulties and poor production records of the season.

The economist blamed what he called "devastating strikes" and OPA regulations for seriously handicapping production after the rather prompt carrying out of actual processes of reconversion.

Ayers reported that in the first five months of 1946 the revenue ton miles of freight on all Class One railroads fell 27 per cent below those for the corresponding period in 1945 and net operating income dropped 65 per cent below the figure for the same months last year.

"Bituminous coal produced in the first half of 1946," he said, "was 22 per cent below the tonnage mined in the first half of the last year. Production of automobiles was 67 per cent lower in the first half of this year than it was in the first half of 1941."

"A related fact is that the production of steel in the first half of this year was 37 per cent less than the output in the first half of last year. Another reflection of production difficulties is the fact that with 2,800 railroad passenger cars on order, equipment builders succeeded in making only 52 in the first four months of this year."

Copper production on which all new electrical equipment is dependent, was reported as amounting in the first five months of 1946 to only 47 per cent of that in the corresponding period last year.

Ayers asserted that, particularly in the automobile industry, strikes in plants furnishing parts or materials for goods created serious shortages.

Poisoned Mussels Kill Californian

SAN FRANCISCO, July 15.—(INS)—Poisoned mussels left one Californian dead today and two others critically ill.

The toxic mussels eaten despite the usual summer-time quarantine on these shellfish, were gathered on the San Mateo county coast.

Dead was Joseph Viera, 42, of East Oakland, Cal. Mr. and Mrs. John Canada, both 39, also of East Oakland, were in a critical condition in San Francisco hospital.

WILL SEEK TO HALT STRIKE AT MCKEESPORT

MCKEESPORT, Pa., July 15.—(INS)—Mayor Charles A. Kinkaid will address a CIO-United Public Workers mass meeting tonight in an effort to halt a threatened strike that will tie-up virtually all public departments—excluding the police and fire departments—in McKeesport.

The walkout was scheduled to take place at 8 o'clock tomorrow morning, according to Alex Paul, president of the CIO local.

SEEK LICENSE AT CLEVELAND

CLEVELAND, July 15.—William Matthews of Wampum and Vella Stewart of Cleveland have made application at the Cuyahoga county court house for a license to wed.

Fresh Vegetables Being Passed Up At Atlantic City

ATLANTIC CITY, N. J., July 15.—(INS)—John E. Brockett, Atlantic county farm agent, is convinced that you just can't figure out people.

With the meat supply for Atlantic City households tight and reportedly obtainable only at high prices, Brockett can't understand their antipathy toward fresh vegetables.

Brockett says that the average day's consumption of fresh vegetables in the resort could be loaded into two small trucks.

"Farmers are bringing trucks into the municipal markets and hauling vegetables away again because of not only low prices, but no takers. The former we can understand, but the latter is puzzling."

"I guess the people in Atlantic City are anti-vegetarian."

Garment Workers Select Successor To Sidney Hillman

NEW YORK, July 15.—(INS)—A Russian-born garment worker was projected today into the front ranks of American trade unionism by his election to succeed Sidney Hillman as president of the Amalgamated Clothing Workers, CIO.

Jacob S. Potofsky, 51, associated with the late Hillman through his 36 years of union leadership, received the unanimous vote of the Amalgamated executive board.

CIO sources immediately predicted that Potofsky, until now secretary-treasurer of the union, would be named to fill the vacancy caused by Hillman's death in the executive board of the World Federation of Trade Unions.

New Organ Is Being Installed At Westfield

The new Hammond electric organ purchased by the Westfield Presbyterian church has arrived in New Castle, it was announced by committee chairman, Harry Reed.

Installation is to begin today. The work will be done by the Key-Stone Hammond organ studio, from whom the organ was purchased.

Rev. John M. Fife, pastor of the church, stated that the services for dedication of the organ will be arranged later.

Australia Will Be Bomb Testing Spot

LONDON, July 15.—(INS)—A British technical mission to Australia was reported today to have recommended development of an atomic and rocket-bomb testing ground in Central Australia.

A Reuters dispatch from Canberra said the project would cost 28 to 32 million dollars. Maintenance expenses were estimated at 16 million dollars annually.

The mission intends to experiment with rockets as carriers for atomic explosives.

Amnesty Granted To Austrian Nazis

VIENNA, July 15.—(INS)—Gen. Emil Bethouart, commander of the French occupation troops in Austria, issued an amnesty today for 250 Austrian Nazis.

The pardon was ordered to commemorate the French national holiday, Bastille day, which was celebrated yesterday.

Seventh Ward Ladies Group Meets With Mrs. J. T. Clark

At the home of Mrs. J. T. Clark, members of the Women's Missionary society of the Madison Christian church assembled during the weekend.

Mr. Lynn Matlack conducted the devotional exercises.

Following the business session, in charge of Mrs. Fanny Hutmick, Mrs. Earl Ruehle led in an interesting discussion of the evening's topic, "Different Races of People Throughout the World."

Mrs. Sue McConnell, Mrs. Mae Culbertson and Miss Thelma Bumbaugh also took part in the discussion.

Rev. Lynn Matlack, the pastor, and Miss Bumbaugh were special guests.

A delicious lunch was served by the hostess assisted by her daughter Betty Lee and Mrs. Walter Wilkins.

August 9 is the date scheduled for the next meeting, at the home of Mrs. Walter G. Wilkins of Oakwood avenue. Mrs. Mae Culbertson will be leader.

St. Margaret's Have Spaghetti Supper

At St. Margaret's hall on Saturday evening there was a good attendance at the spaghetti supper, sponsored by the St. Margaret's sports committee.

After the supper, the evening was spent in dancing.

The committee was Mrs. Jane Piscitelli, chairlady; co-chairlady, Mrs. Rose Zarilla; Sandy Rainey, Mrs. Anna Masters, Mrs. Anna Domick, Mrs. Rose DiDario, Mrs. Anna Perrella, Mrs. Cecelia Perrella, Mrs. Margaret Masters, Mrs. Julia Rozzi, Mrs. Catherine Ross and Mrs. Frances Roman.

Mahgi Club Enjoys Cascade Park Picnic

Members of the Mahgi club gathered at Cascade park on Sunday afternoon for a picnic. A splendid dinner was served in the grove about 1:30. There was a good attendance.

The group enjoyed games and amusements.

Next meeting will take the form of a wieners roast at the home of Mrs. Jane Shaffer of Walmo.

Ward Seaman Takes Part In Bomb Tests

Mrs. Sally Deegan of East Cherry street has received word from her son, Gilbert Deegan, 24, stating he is located in the Marshall Islands.

Gilbert says he is taking part in the atomic bomb tests in the Pacific. He is feeling fine and expects to be home on leave for Christmas.

CHRISTIAN CHURCH

On Friday evening, members of the Crusaders class will gather in the church at 6:30 o'clock, and pray by place to the place of Mr. and Mrs. Arthur Hunt on the Harlansburg road, for a picnic.

GETTING ALONG NICELY

Bobby, son of Sgt. and Mrs. William Peterson of North Liberty street, is getting along nicely. On Sunday morning he fell on a piece of slate in the yard and suffered a laceration in his leg. He was given medical attention at the Jameson Memorial Hospital, and returned to his home.

SEVENTH WARD PERSONALS

Mike Caney and son William of Rome, N. Y., have concluded a week's visit with Mr. and Mrs. Nick Caney and Mr. and Mrs. Frank Caney of West Clayton street. Mr. and Mrs. Andy Caney and Mr. and Mrs. Mike Lambiasi of South Liberty street, Mr. and Mrs. Sam Spencer, Montgomery avenue, Mr. and Mrs. Paris Caney of Orchard street.

Mrs. Wade Thompson and son Francis of West Madison avenue have returned from Valdosta, Ga., where they attended the wedding of the former's son, William Thompson. The latter was discharged from U. S. service a few months ago.

Mr. and Mrs. J. Maron of Foxburg visited over the week-end with the latter's parents, Mr. and Mrs. R. F. O'Donnell of North Ashland avenue.

Mrs. Richard Reimberger of Erie, formerly of the ward was a guest over the week-end of Mr. and Mrs. A. F. Stritzinger of 800 West Clayton street.

Mrs. Ruth Driscoll of Montgomery, Ala., has returned after a visit at the home of Mr. and Mrs. A. F. Stritzinger and Mr. and Mrs. Dale Kogalski, West Clayton street. The former's son, Hugh Johnson, trained in the air force with Dale Kogalski and lost his life in the Pacific.

Mrs. Sally Deegan of East Cherry street, and granddaughter Jane Ann Stewart of 1032 South Mill street have returned after several weeks' visit with the former's daughter, Mrs. Charles Buchman, and family, of Nanticoke and former's brother David and Mrs. Jones of Wilkes-Barre.

Mr. and Mrs. Charles Buchman and son James, of Nanticoke, are visiting with Mrs. Buchman's sister Mrs. Hugh Stewart and family of South Mill street, and mother, Mrs. Sally Deegan of East Cherry street. The party saw a number of deer along the highway enroute here.

NEWS OF MEN AND WOMEN IN U. S. SERVICE

Following New Castle soldiers have received their honorable discharges from the armed forces at the Fort Dix, N. J., center:

Pfc. Harvey H. Theiss, 303 North Diamond Way; Pvt. Daniel H. Ryan, 830 Arlington avenue; and T-4 Frank R. Gricks, 111 Pine

People's Lobby Urged By Martin

NEW BETHLEHEM, Pa., July 15.—(INS)—A "people's lobby" was seen today by Gov. Edward Martin as a safeguard against selfish organizations and persons failing to consider the welfare of others.

"There should be a people's lobby to look after the welfare of the whole people," he said during a speech at an American Legion picnic at New Bethlehem, Clarion county. "This should be the finest group of Americans."

The governor said some individuals were forming pressure groups to gain advantages denied other persons.

"Sections of the country are organizing to secure things for their special benefit," he added. "Labor and management blame each other for inflation. Landlords and tenants both complain."

"Those seeking special privileges seem to forget that the rights of the whole people are paramount to the rights of any group, organization or section," Governor Martin emphasized.

There should be a people's lobby to look after the interest of the whole people," he added. "This should be the finest group of Americans."

Urges New Jobs For U. S. Veterans

PITTSBURGH, July 15.—(INS)—Commander Joseph M. Stack of the Veterans of Foreign Wars urged that new jobs and opportunities be provided for veterans rather than displace workers already engaged in production.

Stack, who returned to Pittsburgh from Washington, said he hoped Congress would take early action on the veterans employment and national economic development corporation act to "keep the veterans from the bread lines." He added:

"New means must be adopted to relieve the veteran employment problem. Nearly two and a half million ex-servicemen are claiming unemployment compensation."

"Passage of the national economic act," Stack said, "will directly charge the corporation with the responsibility of promoting the interests of unemployed veterans and ex-servicemen who had no employment prior to the war."

Local Collector Gets Shaw Autograph

Getting the autograph of George Bernard Shaw, famous British novelist, is almost like striking oil in your backyard so hard are they to get, but Robert Brown, son of Mr. and Mrs. Kenneth O. Brown, of 206 East Sheridan avenue, was one of the few autograph collectors who were able to accomplish the feat.

Robert received a letter today from Mr. Shaw, written on Whitehall Court stationery, in which he stated that he was glad to add his signature to the collection.

Robert also possesses the signature of Albert Einstein, and Rafael Trujillo, acting dictator of the Dominican Republic, in addition to many others, which he keeps in his father's safe deposit box at the bank.

Claims Institute Scheduled August 7

Sponsored by Eastern Area headquarters of the American Red Cross, a claims institute will be held at the local chapter house on August 7, with the following chapters invited to attend: Armstrong, Punxsutawney, Beaver county, Vandergrift, New Kensington, Clarion, and Mercer.

A speaker from area headquarters will be present, as will Mrs. Florence Turner, home service field representative.

NO REPRISAL FOR G. I. WHO TOLD OF LITCHFIELD PRISON

JOHNSTOWN, Pa., July 15.—(INS)—General Dwight D. Eisenhower, Army chief of staff, today assured Mrs. Ben Gallardy, of Johnstown, that no reprisal action will be taken against her son who testified at the Litchfield trials.

Recently Sergeant James B. Gallardy telephoned his mother that he feared he was going to be "railroaded" by Army officers for his eyewitness testimony at the trials.

Veterans organizations took the matter up with the War department which resulted in General Eisenhower's promise.

TREATED FOR WOUND

William Cuffie West Lawrence street, was taken to the Jameson Memorial hospital by police Saturday night, suffering from a cut along his face which required four stitches to close.

The cutting is being investigated by police.

Los Angeles memorial stadium is the largest stadium in the United States. Its grandstand seats 105,000 persons, 49,000 more than Yankee stadium.

Hunting Season Dates Announced

Small Game Season Opens November 1, Deer Season On December 1

HARRISBURG, July 15.—(INS)—The state game commission announced today the month-long small game season will open November 1.

Hunting hours were scheduled between 9 a. m. and 5 p. m. on the opening day and 7 a. m. and 5 p. m. for the remainder of the season, according to President Ross L. Leffler of McKeesport.

Limits Announced
Hunters will be limited to 12 Quail, eight Hungarian Partridges, one wild Turkey, eight male Ring-neck Pheasants, 20 Rabbits and 24 gray, black or fox Squirrels. Leffler reported. Turkeys may not be taken in Adams, Clarion, Cumberland, Forest, Jefferson, McKean, Perry and Snyder counties, he added.

Leffler announced that Grouse shooting would be prohibited this year due to a scarcity of birds. The big game season will open November 18 when bears become legitimate catch for five days, Leffler said. Individual hunters will be entitled to one season while hunting parties may kill two, he added.

Deer Season Dec. 1
Antlered male deer with at least two points may be bagged between December 1 and 14, Leffler reported. The limit has been fixed at one a hunter and six per hunting party, he said.

A special six-day antlerless deer season opening December 9 has been decreed for parts of Carbon, Luzerne, Schuylkill, Wayne, Susquehanna and Wyoming counties. Leffler disclosed. Sportsmen must obtain special permits from the commission to participate.

The hunting season for Minks, Opossums, Skunks and Otters and trapping period for Raccoons was scheduled between November 1, 1946 and February 1, 1947. Raccoon hunting will be permitted between October 15 and February 1, 1947. Bag limits have been removed from the small fur bearing animals, according to Leffler.

Cautioned On Snares
He said other trapping would be closed to Elk, Jefferson and McKean counties.

Beavers were slated to become legal quarry between February 15 and March 1, 1947, in all out 20 counties. The seasonal trap take was limited to five animals. Leffler cautioned hunters and trappers that the use of snares was prohibited.

Yanks To Utilize Puerto Rican Field

NEW YORK, July 15.—(INS)—The New York Yankees, who attained mid-season form far too early this season as a result of starting their conditioning early in tropical Panama, aren't going back there next spring but still haven't given up on the rum-and-cola belt.

This time the enterprising head man of the club, Larry MacPhail, is taking his charges to Puerto Rico, where he conditioned the Reds back in 1935.

The camp at San Juan will open Feb. 15. The Yanks will play exhibitions in Caracas, Venezuela, March 1-4, and in Havana, Cuba, March 7-9, before going to the official camp at St. Petersburg, Fla.

Stranahan Winner At Kansas City By Stroke Over Bulla

KANSAS CITY, Mo., July 15.—(INS)—Frank Stranahan is undoubtedly the only golfer in history to come equipped with tan pants, a red shirt, a yellow jacket and a silver loving cup all at one time.

This ensemble, however, seemed in keeping with everything else last night as the handsome young amateur from Toledo, O., received his prize for a one-stroke triumph over Chicago's Johnny Bulla in one of the whackiest golf tournaments in links annals.

This particular item, known as the \$20,000 Kansas City invitational, had a bevy of most peculiar attributes to show for its four-day stand at Hillcrest Country club. Not the least of these was Stranahan's fine victory score of 274.

Bulla won first prize of \$2,500, and all Stranahan got was the loving cup, but the young Toledoan was out for blood yesterday and there was no stopping him.

Give Schedule For Legion Junior Teams
Announcement has been made by Chairman Earl C. Moffatt of the Perry S. Gaston post athletic committee of the schedule for the balance of the week in the American Legion Junior League. All games are now being played at Deshon field.

The schedule follows:
Tuesday, July 16—Elks at Columbus club, field B; Lands at Independent Nine, field A.

Wednesday, July 17—Independent Nine at Elks, field B; Columbus club at Lands, field A.
Friday, July 19—West Side Juniors at North Hill Cardinals, field A; Wagners at Croton, field B.

Ralph Fife Signs Steeler Contract

PITTSBURGH, July 15.—(INS)—Ralph Fife, former University of Pittsburgh guard, Saturday signed a contract to play with the Pittsburgh Steelers. He was acquired in a deal with the Chicago Cardinals.

Fife was a freshman on the last Jack Sutherland coached squad at Pitt and in 1941 was given all-American mention and named a member of the 1941 East-West team. He also played with Bob Nyland's Army all-stars.

COULDN'T STAY AWAY
It was a real homecoming for Jess Webb, veteran pitcher, when he joined the Union City Greyhounds of the Kitty league the other night. He holds the distinction of being the only "charter" member of the circuit. Webb was with the Jackson Generals from 1935, when the loop was revived, until it folded in 1942.

Webb retired to the farm and wouldn't budge when the league came back to life this year, but after winning five games of semi-pro ball, he notified the Greyhounds he just couldn't "hold out" any longer.

In the process of reducing iron ore to iron, the carbon of the coke combines with the oxygen in the ore to form carbon monoxide and carbon dioxide. This action frees the iron into which a portion of the carbon dissolves.

Sports Fallacies

By MARGERY MILLER
(Central Press Sports Writer)

"May the best horse win" is not the typical feeling among race track men—even the honest ones. Horse racing is a sport in which a system has been set up to handicap the "best horse." This system increases possibilities of chance determining finishes in races, thus encouraging bets.

When the horse with the best record is saddled with a weight of 126 pounds, while other horses in the race carry only 110 or 112, how can we say that the race is run to determine which is the best horse?

In competition between human beings we would frown on parallel practice. Byron Nelson would not be considered an inferior player if he was handicapped 10 strokes in a golf match and lost it. We wouldn't give the boxing championship to Billy Conn if Joe Louis had to fight him with his right hand behind his back.

We may want the best man to win.

The Goodall tournament is one of the most publicized events in golf, and the winner is credited with having scored an outstanding victory. Yet the conditions of the Goodall tournament are such that luck and not skill, usually determines the winner.

Competitors tee up in threesomes, each playing two opponents at once. The winner need not be in top form if he happens to play against opponents who are having bad rounds. Holes won on a cumulative plus and minus basis determine the winner, all of which gives luck great chance. When Paul Runyan won the 1941 Goodall event, he finished fourth in the stroke standing.

Junior Lifesaving Course Is Planned

Youngsters from 12 through 16 years of age will be able to take the course which qualifies them as junior Red Cross lifesavers this summer at the Cascade park pool.

The course is being sponsored by the Optimists' club and will begin on August 12. Instruction will be in the mornings from 9:30 until 11:30 o'clock.

EASIEST WAY OUT
For three seasons, infielder Lew Davis, playing with rival clubs, had been a gnat in the eyes of the Concord Weavers of the North Carolina State league.

This year the Concord management decided to do something about it so they stepped out and acquired Davis' contract for the Weavers.

Jewish War Vets Promise Truman To Raise Division

WASHINGTON, July 15.—(INS)—The Jewish War Veterans of the U. S. today promised President Truman that they would recruit a division of Jewish volunteers for service in Palestine if he ever deems American troops are necessary to facilitate Jewish immigration into that country.

The promise was made by a seven-man delegation representing several thousand Jewish veterans who have arrived in Washington to protest British policy in the Holy Land. Fred S. Harris of Meriden, Conn., was spokesman for the delegation.

In a statement submitted to the President, the organization predicted that "there will be mass-slacide" unless European Jews are permitted "to emigrate immediately to their homeland, Palestine." It added:

"We are convinced, Mr. President, that Jews cannot live decent, useful lives in most of Europe. It is no exaggeration to state that for a majority, it is Palestine or death."

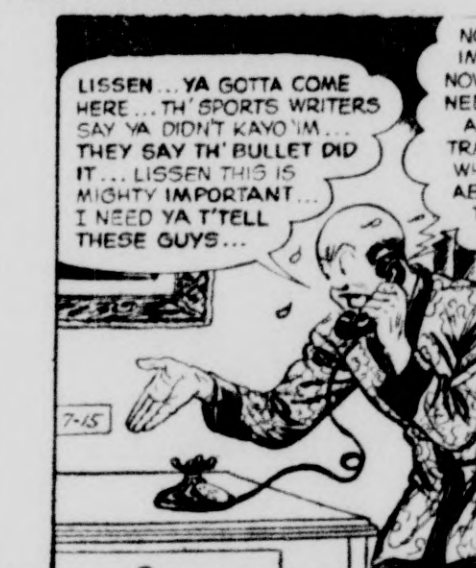

BURGLARS ENTER CLEANERS' PLANT

Britton's Dry Cleaning plant was entered by burglars during the weekend it was discovered by Edward Rogalski, employee, when he went to the Elm street plant early this morning. Clothing was scattered about the building. A .32 calibre revolver was stolen, according to a report made to police.

Atomic Energy World Control Strongly Urged

WASHINGTON, July 15.—(INS)—Government officials joined leading scientists today in calling for world control of atomic energy as the only means of achieving survival and security of mankind.

In an address marking the anniversary of the first atomic blast in the New Mexico desert, Secretary of Commerce Wallace charged that congress has "wasted much time" without producing legislation for the peacetime civilian control of nuclear energy.

Wallace was the principal speaker at a two-day forum which opened today under sponsorship of the national committee on atomic information. He said:

All Must Share
"The solutions to our problems will not come from scientists—but from all of us. . . . The main factors are clear: There is no defense (against the atom bomb) in science, just as there is no lasting secret.

"Humanity might stagger through another war like the last—but it could not survive an atomic war." In a telegram to the committee, former Secretary of the Interior, Harold L. Ickes urged outlawing of the bomb by all nations, "whatever might be the provocation" to use the awful weapon.

Ickes described this as the most fitting form of celebration of the A-bomb's birthday.

Attending the day-long session are famous American and foreign scientists and representatives of industry and civic groups.

Probe Murder Of Young Woman

Body Found Partially Buried In Hills Near Lomita, Calif.

LOMITA, Calif., July 15.—(INS)—Sheriff's investigators today listed as a murder victim a young woman whose body, clad only in pink panties and white high-heeled shoes, was found partially buried in the Palos Verdes hills a mile south of Lomita.

Sheriff Homicide Capt. Gordon Bowers said the woman, 120 pounds, four feet two inches tall, apparently had been strangled from seven to 14 days ago.

On her hand was a quarter-carat diamond ring studded with 11 small diamonds on each side, set in platinum. A brassiere hung from her left arm and a strand of white beads was around her neck.

A brunet, the woman was in her early twenties.

Work Progresses On Housing Units At Deshon Annex

In an announcement today, Piovesan & Bowers, contractors who are putting in the housing unit at Deshon Annex, said that the work is developing well. One unit is completed except for the plumbing which is to be taken care of immediately.

"All buildings have been wired and the partitions will be in by the end of this week," reported C. Piovesan, official of the firm, "and the interior finishings will be put in shortly thereafter."

Mayor Haven's committee for veterans' emergency housing is helping with the project 100 per cent and with their help, Mr. Piovesan expects to have part of the units ready for occupancy this month.

Soviet Newspaper Makes New Charges

MOSCOW, July 15.—(INS)—A diplomatic correspondent charged in the official Soviet newspaper Izvestia today that "men with unclean consciences are preparing Swedish public opinion for active participation in a new war."

The correspondent, who wrote under the name "International Observer," said:

"Swedish militarists and reactionaries demonstrated perfect readiness to help Germany in its struggle against Russia."

"Swedish officers sent espionage reports to Germany. Germany's defeat did not compel Swedish reactionaries to abandon their anti-Soviet policy. They are now taking all on the western bloc."

"These men with unclean consciences would welcome a new war and are preparing Swedish public opinion for active participation therein."

Charges Mount Against Skipper Of Wandering Ship

NEW YORK, July 15.—(INS)—Charges continued to pile up today against Frank R. Haas, acting master of the wandering Liberty Ship Ada Rehan.

Shortly after he had faced official Coast Guard charges growing out of the vessel's 11-month argosy, immigration authorities added their bit.

They accused Haas officially of "attempting to bring aliens into the United States not lawfully entitled to enter." U. S. Commissioner Garrett W. Carter set bail at \$500. The complaint specifies that Haas illegally transported three women, one of them through much of the vessel's 40,000 mile voyage around the world, finally bringing them to New York.

The women mentioned are Mrs. Theresa Niedermulbrichter, Ana V. Bedrakian and Mrs. Zinat Vastash-vardien, all of Iran. The complaint did not mention Mrs. Vastash-vardien's seven-year-old son, who made the junket with his mother.

Earlier, a Coast Guard hearing on a charge of misconduct was postponed until next week to permit defense counsel for Haas to prepare his case.

THOUSANDS MOB NEW YORK STORE FOR SHIRTS, HOSE

NEW YORK, July 15.—(INS)—Six thousand men and women, some standing in line for more than two hours, surged into Gimbel Bros. department store Saturday to gobble up a sale of white shirts and nylon stockings at lower than OPA ceiling prices.

The store had 15,000 to 20,000 pairs of nylons selling at \$1.09, \$1.27 and \$1.43. There was a limit of two pairs to a customer.

The number of white shirts was a secret, but there were mammoth piles of them. They sold at \$2.66, with a limit of four to a customer. The white shirt buyers outnumbered the nylon addicts by two to one.

HIGHWAY CREWS WIND UP PART OF SUMMER PROGRAM

With the road-oiling program completed, the state highway department is planning to lay calcium on some of the more dusty roads in the county. This project will take about two weeks' according to highway superintendent Fred Martin.

Construction work around Har-lansburg is progressing rapidly, and Pennsylvania avenue, another highway department project, is ready for the top coat.

Around Hollywood

By JOHN TODD
(International News Service Staff
Correspondent)

HOLLYWOOD, July 15.—If you don't think there's some very happily married couples in Hollywood, take the case of Cornel Wilde and his beautiful blonde wife, Patricia Knight.

Cornel's moving heaven and earth these days to try to have her co-starred in a picture with him.

They've been married eight whole years, too.

Cornel told your reporter all about it on the set of "The Home-stretch", which he's just started at 20th Century-Fox with Maureen O'Hara.

"I think Pat and I would make a fine team on the screen and I'm doing everything in my power to see what can be done."

"She made a wonderful test the other day."

Generally when an actress makes a test, they let some unknown actor play opposite her. But, Cornel wouldn't permit that. He made the test with her.

He explained with a smile:

"I thought if I played the test with her it might give some producer seeing us together an idea."

M-G-M had the set of its atom bomb picture, "The Beginning Of

set of the year on its back lot for some drama-packed scenes in "Pos-sessed", with academy award winner Joan Crawford and academy award winner Van Heflin.

It has the end of a lake, with a wharf, where two motorboats are tied, a huge rocky promontory, and then there's a hill with a house on top.

At the moment Joan and Van are looking for a body in the lake.

After resting an injured ankle for three days, dainty June Haver expects to be ready to start work this week in "I Wonder Who's Kissing Her Now", for Boss Darryl Zanuck.

June had injured the ankle once

before, and her doctor told her that if she wasn't a good girl and stayed off it she might never be able to dance again.
